Installment Plan Tax Paying Under Way

SERIES OF NOTES
PLACED ON SALE
THROUGH NATION

Substantial Part Of Big Annual Bill May Be Accounted For

TWO BRACKETS PROVIDED

Interest May Be Earned By Citizens, Treasury Points Out

WASHINGTON, Aug. 1—Warned to expect even heavier tax burdens for defense, the U. S. public today began paying next year's taxes on the installment plan.

Two series of treasury notes went on sale at Federal Reserve banks to attract advance payment of 1942's "unprecedented tax bills."

"These notes," the treasury said, "are being offered for sale to taxpayers for their convenience in setting aside regularly the funds which will be required to meet the unprecedented taxes they will pay next year on this year's income." The treasury held out an "attractive" interest rate to encourage advance tax paying which will be credited as tax payment.

Treasury officials said they expected a "substantial" part of the new heavy tax bill to be paid off in advance, but would give no estimates. The new "tax anticipation" plan permits taxpayers to purchase notes during the entire year in which they receive income to redeem against taxes due the following year.

All notes sold at par and accrued interest, may be redeemed at any time after three months after purchase but not before January, 1942 if they are presented in payment of taxes. If not, the treasury will redeem them for cash at the exact amount paid for them.

Two Series Issued

To enable persons in both large and small income brackets to participate, two series are issued. One series of \$25, \$50, and \$100, bears a return of about 1.92 percent a year. The \$100, \$500, \$1,000, \$10,000 and \$100,000 series returns slightly less than one half of one percent. Both series mature August 1, 1943.

The treasury said that from now on, the notes will be made available on January 1.

"The interest earned on these notes," the treasury said, "is expected to be attractive to taxpayers generally. For this reason, many will doubtless purchase an amount of notes sufficient to meet the estimated tax liability for the next two years."

INSECT EXTERMINATOR, 40, KILLED BY ROACH GAS

MIDDLETON, Aug. 1—Walter L. Foster, 40, an insect exterminator, forgot to pull a tape to his gas mask when spraying the gas to kill cockroaches and died of poisoning. Ernest Patrick, 30, and two of three firemen who went into the gas-filled building to investigate were overcome.

OUR WEATHER MAN

High Thursday, 92. Low Friday, 70.

FORECAST

Generally clear Friday and Saturday; not much change in temperature.

ROBBER ESCAPES
WITH \$130 LOOT
FROM ORR HOME

Intruder Discovered When Visitor Sees Light Used By Thief

BASEMENT WINDOW USED

Scream Draws Attention Of Neighbor; McCrady Warns City Residents

A burglar, who ransacked the home of Mrs. Rebecca Orr, 147 Pinckney Street, escaped early Friday with \$130 in cash by fleeing through a basement window after his presence was discovered by Mrs. George Connally of Chagrin Falls, a visitor in the home of Mrs. Orr, her mother.

Mrs. Orr was robbed of \$30, her pocketbook hidden in a downstairs room being rifled, and Mrs. Connally lost \$100—five \$20 bills—taken in a billfold that is also missing. Mrs. Connally's money had been hidden in her bedroom.

Police Chief W. F. McCrady said Friday that the intruder had entered the home through the same basement window that he used to make his getaway. The window is at the front of the house.

The main floor of the home was ransacked and cabinets and dresser drawers were searched by the burglar, who carried a flashlight.

Mrs. Connally was awakened and screamed as she saw the shaft of light thrown by the flashlight, and the burglar fled. Tom O. Gilliland, who lives next door to the Orr home, heard the scream and telephoned for police.

By the time police arrived the burglar had made his getaway.

The robbery took place about 3 a.m.

The crime brought a warning from Chief McCrady that persons in residential sections of the city should keep their doors locked during the night. He said that since the police force is understaffed it is impossible for patrolmen to check the residential district at night, being forced to devote all their time to the business area.

The shutdown will go into effect in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New Jersey, Delaware, Maryland, North Carolina, South Carolina, Georgia, the Peninsula of Florida, the District of Columbia, and all marketing areas in or east of the Appalachian mountains in New York, Pennsylvania, Virginia, and West Virginia, "and such additional marketing areas in said states where any substantial part of the motor fuel supplies is either produced or shipped into such areas from any point east."

Ickes said the action was taken because the public had not complied with his request to reduce gasoline consumption 33½ percent on a voluntary basis.

Closing public filling stations at night is the least action we can take on the Taft compromise, and other modifying proposals.

The substitute of Sen. Taft (R) Ohio, would increase the draft training period from 12 to 18 months, limit the size of the peacetime army to 2,000,000 men, and give bonus of \$200 to each selectee, guardsmen and reservists who enlists in the regular army after a year's training.

There is no indication that the administration will voluntarily yield to the popular Taft compromise, and others, but it is conceded that their strength will postpone a final vote on the measure until next week.

Senate Democratic Leader Barkley, asserting that "we will stand by our bill," ordered a showdown on the Taft compromise, and other modifying proposals.

The substitute of Sen. Taft (R) Ohio, would increase the draft training period from 12 to 18 months, limit the size of the peacetime army to 2,000,000 men, and give bonus of \$200 to each selectee, guardsmen and reservists who enlists in the regular army after a year's training.

Democratic senators who have not yet been completely won over to voting for retaining the selectees, guardsmen and reservists indefinitely in service during the emergency, are beginning to take serious note of Taft's plan. It already has the support of almost the entire Republican bloc, and Democratic non-interventionists.

Taft, meanwhile, is considering adding a new section to his amendment which would place a time limit on the period the selectees could be kept in service, regardless of the duration of the emergency.

Administration leaders are confident that in the end the Taft substitute bill will be defeated, but they admitted that they have more of a fight on their hands than first expected.

PRISONERS LOSE RIGHTS

LANCASTER, Aug. 1—Because he was convinced 20 prisoners in the Fairfield County jail had previous knowledge of an escape last week in which a deputy was slugged, Sheriff Dudley Crider deprived the prisoners of all their privileges, for an indefinite period.

Privileges included visitors, tobacco and civilian clothing.

100,000 Stations Ready To End Night Fuel Sale

WASHINGTON, Aug. 1—One hundred thousand gasoline stations in the eastern states today prepared to lock up their pumps every night in an effort to avert a shortage of gasoline.

Petroleum Coordinator Ickes announced that the stations will close from 7 p.m. to 7 a.m. along the Atlantic seaboard from Maine to Florida, starting Sunday.

Stations throughout the area were said to be responding favorably to the effort of alleviating the situation, caused by the transfer of American oil tankers to Britain.

FINAL VOTE ON SELECTEE BILL TO FACE DELAY

WASHINGTON, Aug. 1—Senate administration leaders today tentatively agreed to limit service of selectees to not more than 30 months—or two and one half times the length of service to which they were originally called—and to place the training program on a rotation basis.

WASHINGTON, Aug. 1—Senate administration leaders today abandoned hope of passing the draft extension bill by tomorrow as compromise proposals gained strength.

There is no indication that the administration will voluntarily yield to the popular Taft compromise, and others, but it is conceded that their strength will postpone a final vote on the measure until next week.

Ickes said the action was taken because the public had not complied with his request to reduce gasoline consumption 33½ percent on a voluntary basis.

Closing public filling stations at night is the least action we can take on the Taft compromise, and other modifying proposals.

The substitute of Sen. Taft (R) Ohio, would increase the draft training period from 12 to 18 months, limit the size of the peacetime army to 2,000,000 men, and give bonus of \$200 to each selectee, guardsmen and reservists who enlists in the regular army after a year's training.

Administration leaders are confident that in the end the Taft substitute bill will be defeated, but they admitted that they have more of a fight on their hands than first expected.

CONSTABLE KILLED

PORSCHEMUTH, Aug. 1—Samuel Marshall, 60-year-old Wheelersburg constable, died of injuries suffered when he was struck by an automobile.

CHILD BORN 10 SECONDS AFTER MIDNIGHT FIRST

Mr. and Mrs. Roy Brown of Hayward Avenue, whose six-pound daughter came into the world at just 10 seconds after midnight August 1, is Circleville's first baby born in August, and as such wins several awards made by Circleville business houses.

Dr. V. D. Kerns, the attending physician, reported the birth.

Prizes to go to the family and the baby include:

A carton of six 60-watt lamps, by the Columbus and Southern Ohio Electric Co.

A quart of milk daily for two weeks, by the Blue Ribbon Dairy.

A month's pass to the Clifton Theatre.

A floral tribute, by the Brehmer Greenhouses.

A \$1 savings account, by the Circleville Savings and Banking Co.

A three month subscription to The Daily Herald.

OPPOSITION TO ACTIVE ROLE IN WAR IS SHOWN

NEW YORK, Aug. 1—A margin of more than two to one against immediate American participation in the war was chalked up today by daily newspapers in answer to a questionnaire sent out by Editor and Publisher.

The questionnaire, sent out to 1,878 daily papers, was answered by 871 editors.

Tally on the five questions asked was:

1—Do you favor immediate active military and naval participation in the war? Yes, 250. No, 615.

2—Do you think the best interests of the United States will be served by avoiding conflict? Yes, 512. No, 315.

3—Do you favor seizure in the interests of United States defense of strategic bases owned by foreign powers? Yes, 589. No, 228.

4—Do you favor a federal law regulating commodity prices? Yes, 451. No, 380.

5—Do you favor a federal law compelling arbitration in labor disputes? Yes, 727. No, 122.

Four Pickaway County farmers Thursday appeared before the AAA Appeals Board, protesting their wheat acreage allotments, maintaining their allotment figures were too low.

The Appeals Board has not yet returned decision in any of the cases.

Members of the board are Fred Orr, Chillicothe, chairman; Marvin Steeley, Washington Township, and Charles Hosier, Monroe Township.

MORE 'BOOKIES' BEING SOUGHT BY GRAND JURY

36 Witnesses Summoned For Gambling Probe, But Many Are Missing

ARREST ORDER ISSUED

Municipal Court Clerk To Appear; Slot Machine Business Aired

COLUMBUS, August 1 — The Franklin County grand jury, investigating gambling conditions in Ohio's capital city, today planned to delve further into the race horse bookie "fraternity" providing any of 36 witnesses summoned to give evidence in this phase of the probe can be located.

The jury yesterday issued a pre-cipe for the 36 witnesses, 35 of whom, according to Prosecutor Ralph J. Bartlett, were listed as having been fined in municipal court as operators of race horse books.

Deputy sheriffs reported however that they "haven't been able to find many of the 36 as persons at the addresses say they never heard of them or never saw them."

The jury faced a similar situation Wednesday when it issued summons for men who had been fined in municipal court as operators of number houses. Sheriff Jacob E. Sandusky issued orders over the state for 17 witnesses to be "picked up."

Also issued a summons for today was Municipal Court Clerk Arthur J. Blosser. He was ordered to bring "every authorization and record of every kind and character received by you or your employees having to do with money received in advance to apply on bonds and payment of fines in gambling cases."

The jury yesterday heard witnesses devoted largely to slot machines. All who were summoned appeared and a man identified as a number house pickup man also came in, explaining he was out of the city when summoned last Tuesday.

Meanwhile, it was learned that the jury next week likely will call more managers of private clubs in the city in an effort to learn more about slot machine operations and then make attempts to get evidence on the operators of the larger gambling places in and near the city.

4-H CLUB GIRLS WILL GO AFTER ALUMINUM

The Washington Township Kitchen Queens 4-H Club will collect aluminum during the week of August 3, all homes in Washington Township to be visited by members of the club.

The girls of the club are hoping that residents of the township will respond by contributing some aluminum which will go into the government's National Defense program.

Senator Wheeler Fails To Uphold Freedom Of Press In Home State

BY DREW PEARSON AND ROBERT S. ALLEN

WASHINGTON, Aug. 1—It certainly is risky to oppose Senator Burt Wheeler on his isolationist-appeasement stand in Montana.

Although he never misses an opportunity to beat his breast noisily about freedom of speech and press, Wheeler wields a ruthless axe on critics in his home state. Several weeks ago Walter Winchell was barred from three Montana radio stations owned by Wheeler intimates. Latest to feel the scourge of Wheeler's ire is John Erickson, three times governor of the state and for a short term U. S. Senator.

Erickson presided at a Helena meeting addressed by Senator Claude Pepper, militant Florida anti-isolationist. A few days later, Governor Sam Ford, Republican closely allied with the Wheeler machine, fired Erickson from his \$250-a-month job as assistant administrator of the Montana Liquor Board.

NOTE: The state convention of the American Legion and the Butte Miners Union have adopted resolutions condemning the barring of Winchell from the Montana radio stations.

CREDIT TO FASCIST SPAIN?

On December 13, 1940 this column published the fact that the State Department was considering a \$100,000,000 credit to Fascist Spain in order to keep General Franco from throwing Spain into the war on the side of the Axis. That story was emphatically and officially denied by Secretary of State Cordell Hull and also by the Under Secretary of State Sumner Welles.

Subsequent cable dispatches from Spain and Portugal to the New York Times referred to the proposed \$100,000,000 credit, but there was no official confirmation of the story.

CAPITAL CHAFF

Friends of "Pappy" O'Daniel, new Senator from Texas, say he is staying in Austin so his daughter may have the honor of being married in the Governor's Mansion. Enemies say he is staying there to escape the vote on extending the service of draftsmen in the army . . . The output of most judges is pretty dull reading, but U. S. Judge Richard J. Hopkins of Kansas has just written a thriller, the story of the famous Stroud murder case. It is an object lesson regarding paroles and pardons and the difficulty which a conscientious district attorney faces in keeping criminals in jail . . . Senator Wheeler and his America First friends went to interesting lengths to get the addresses of the million people to whom he sent postcards. Among other things, they circulated the cancelled subscribers to the Woman's World . . . The Federal Communications Commission is turning down some of the best qualified foreign newspaper correspondents in America as monitors to detect foreign radios —because they lack civil service. Far more important is the fact that they understand foreign languages.

This would appear to be definite confirmation that a credit was actually "offered" to Fascist Spain in order to keep her neutral. Spain in order to keep her neutral.

The thing which has worried U. S. admirals for some months is what they call "shuttling"; that is taking part of the fleet from the Pacific to the Atlantic to meet danger in the East, then back to the Pacific to meet a new danger in the West. This, the Admirals feared, would merely keep the fleet on the high seas, using up fuel in a game as profitable as "fox and geese."

And this obviously is what the Japanese (with their Nazi allies) are trying to trap us into doing. However, although it remains a fact that part of the Pacific fleet has gone into the Atlantic to help "patrol," nevertheless, the United States finds itself in a better position than the Admirals some months ago expected.

Here are the reasons: 1st, we have acquired some emergency naval bases in the Dutch East Indies, and it may be that one or two U. S. ships might drop in on these bases from time to time.

2nd, we have been concentrating long range bombers in the Philippines and the islands of the Pacific. The Japanese know this, and it worries them almost more

Bosses Ladies

N. & W. LISTS THREE CHANGES OF IMPORTANCE

The appointment of A. M. Eckstein, freight agent of the Norfolk and Western Railway at Kenova, W. Va., as freight agent at Portsmouth, succeeding H. C. Bugh, who was recently made freight agent at Columbus, was announced today by N. & W. officials. The change is effective August 1.

M. L. Hillman, agent-yardmaster at Pocahontas, Va., has been named to succeed Mr. Eckstein, while H. L. Bartholomew, cashier at Circleville, freight station, will take over Mr. Hillman's position at Pocahontas.

Mr. Eckstein started to work for the N. & W. as a clerk in the Columbus freight station in July 1906. He next served as clerk in the general superintendent's office on the western general division from February 1913 to April 1919. On April 14, 1919 he was promoted to chief clerk to the superintendent of the Pocahontas Division, and on May 16, 1929 was made agent at Kenova.

Mr. Hillman was first employed by the railway as a station clerk at St. Paul, Va., on May 1, 1910. In October 1937 he was promoted to agent-yardmaster at Pocahontas, which position he held until his present appointment.

Mr. Bartholomew entered the railway's service in July 1922 as a clerk in the freight station at Circleville. He was promoted to cashier in September 1939. He left Thursday to begin his new work.

In the nine years that he had been connected with the Laurelvile-Perry Schools he served successively as eighth grade teacher, instructor in the high school and superintendent.

He had been active in many phases of community life. At the time of his resignation he was president of the Hocking County Teachers' Association, member of the Masonic Lodge, Chancellor-Commander of the K. of P. Lodge, chairman of the troop committee of the Boy Scouts and a member of the Hocking County Fair Board.

Mr. and Mrs. Reichelderfer will leave Friday for a two-weeks trip to Manitoulin Island, Ontario, Canada, and will remove to Columbus when they return.

Funeral services will be conducted Monday at 10:30 a. m. at the home, 353 East Union Street, the Rev. Neil Peterson officiating for Hervey J. Sweyer, who died suddenly Thursday. Burial will be in Forest Cemetery by the Albaugh Co. Pall bearers will include E. C. Ebert, administrator of the Division of Aid for the Aged, for whom Mr. Sweyer worked, and members of the Masonic Lodge.

Mr. Sweyer was born in Circleville in October, 1876, a son of William and Elizabeth Denny Sweyer. His widow, Jennie Leist Sweyer, and three children survive.

MARINE STATION RECRUITER WILL APPEAR IN CITY

R. Bruce Bailey, first sergeant, representative of the Marine Corps Recruiting Station with headquarters in Chillicothe, will be at Circleville next Wednesday between 9:00 a. m. and 3:30 p. m. to interview young men between the ages of 17-30 who are interested in enlisting in the Marine Corps and Marine Corps Reserve.

The Marine Corps now offers two types of enlistments, one for a period of four years, and the other for the duration of the national emergency. Applicants after passing the recruiting sergeant's examination will be required to present themselves at the recruiting station in Cincinnati for the final examination. Those passing the examination at Cincinnati are enlisted in the marines and transferred to Parris Island, S. C., for six weeks of recruit training.

On completion of the training at Parris Island, S. C. The new marine is given ten days leave of absence before being assigned to his new station which would be located at any of our many posts in Cuba, Canal Zone, Hawaii, Guam, Phillipine Islands or China. Many marines after completion of recruit training desire to serve aboard one of the ships of the navy instead of doing duty on land. A special school is maintained at Norfolk, Virginia to ac-

quaint these men with the type of duty they will find while serving aboard ship.

If you are subject to Selective Service you may volunteer by enlisting in the U. S. Marine Corps Reserve for the duration of the national emergency. Men in this branch of the service are given the same pay, duties and quarters as members of the regular Marine Corps, but they need only remain on active duty for the duration of the emergency.

In addition to pay, marines are furnished with medical and dental care, with quarters, rations, equipment and uniforms free of charge. Besides all this, marines are able to further their education through the Marine Corps Institute free of charge.

MRS. JOANNA BINKLEY IS DEAD NEAR HAYNES

Mrs. Joanna Karshner Binkley, 78, died Thursday at noon at her home near Haynes in Ross County. She was daughter of Jacob and Margaret Hosler Karshner.

Surviving are the following

children, Cora B. Lesser of Laurelvile, Florence Bowsher of Adelphi, Fred of Columbus, Irene Haag of Chillicothe and Hattie Cryder of Adelphi; sisters, Mrs. Mary Routh, San Diego, Cal.; Mrs. Vesta Davis, Mrs. Binia Denton and Mrs. Etta Mace, Columbus.

She was a member of the Adelphi Methodist Church, an honorary member of the Adelphi Ladies' Aid, and a charter member of the Adelphi Pythian Sisters.

The funeral will be Sunday at 2:30 p. m. at the home, the Rev. C. L. Thomas officiating. Burial will be in Green Summit Cemetery, Adelphi.

RECORD CROWDS TO ATTEND TWO CAMP SESSIONS

United Brethren To End
Service Sunday Eve
At Stoutsville

OFFICERS ARE NAMED
Homer Rodeheaver Appears
At Lancaster For Two
Sermons

Two campground associations,
both of which are enjoying suc-
cessful seasons, are anticipating
record crowds during the week
end with splendid programs being
arranged.

The United Brethren meeting at
Stoutsville will be concluded Sun-
day with addresses by Dr. Porter
E. Wright of Lancaster, former
Circleville pastor, and Dr. Dewey
Whitwell of Nashville, Tenn., camp
evangelist. Special music
is being planned also.

The Rev. L. S. Metzler of the
Pickaway U. B. Charge said Fri-
day that attendance has been
splendid and that a capacity
crowd is expected for Sunday's
services.

Officers of the campground
elected for next year include the
Rev. Clayton Lutz of Westerville,
president; the Rev. Charles Fox
of Philo, vice-president; the Rev.
Rolland Fisher of Portsmouth,
secretary; O. E. Drum, Ashville,
treasurer; the Rev. Mr. Metzler
of Circleville and the Rev. Ted R.
McGinnis of North Linden, mem-
bers of the executive board, and
Elmer Miller of Lancaster, new
member of the board of trustees.

The meeting will be concluded
Sunday night.

Sunday will be Homer Rode-
heaver Day at the Methodist
Church camp meeting at Lancas-
ter, the famed evangelist, musi-
cian and composer to preach at
afternoon and evening services.
He will be accompanied this year
by his sister, Ruth.

The day's services will start at
7:30 with Communion, preaching
by the Rev. John McMahan of
South Zanesville being scheduled
at 10:30. Mr. Rodeheaver is
scheduled to appear at 2 p. m.
and 8 p. m.

Next week, the final one on the
schedule, will feature Chautauqua
programs, various prominent en-
tertainers being booked to appear.
The Women's Society for Chris-
tian Service will conduct its pro-
grams during the week.

The following Sunday will con-
clude the campmeeting with the
Rev. B. R. Lakin, associate pastor
at the Cadle Tabernacle, Indian-
apolis, as the principal speaker.

A. B. Vlerebome of Lancaster,
a former Circleville man, has been
reelected president of the Camp-
ground Association and H. W.
Plum of Circleville is retained as
secretary.

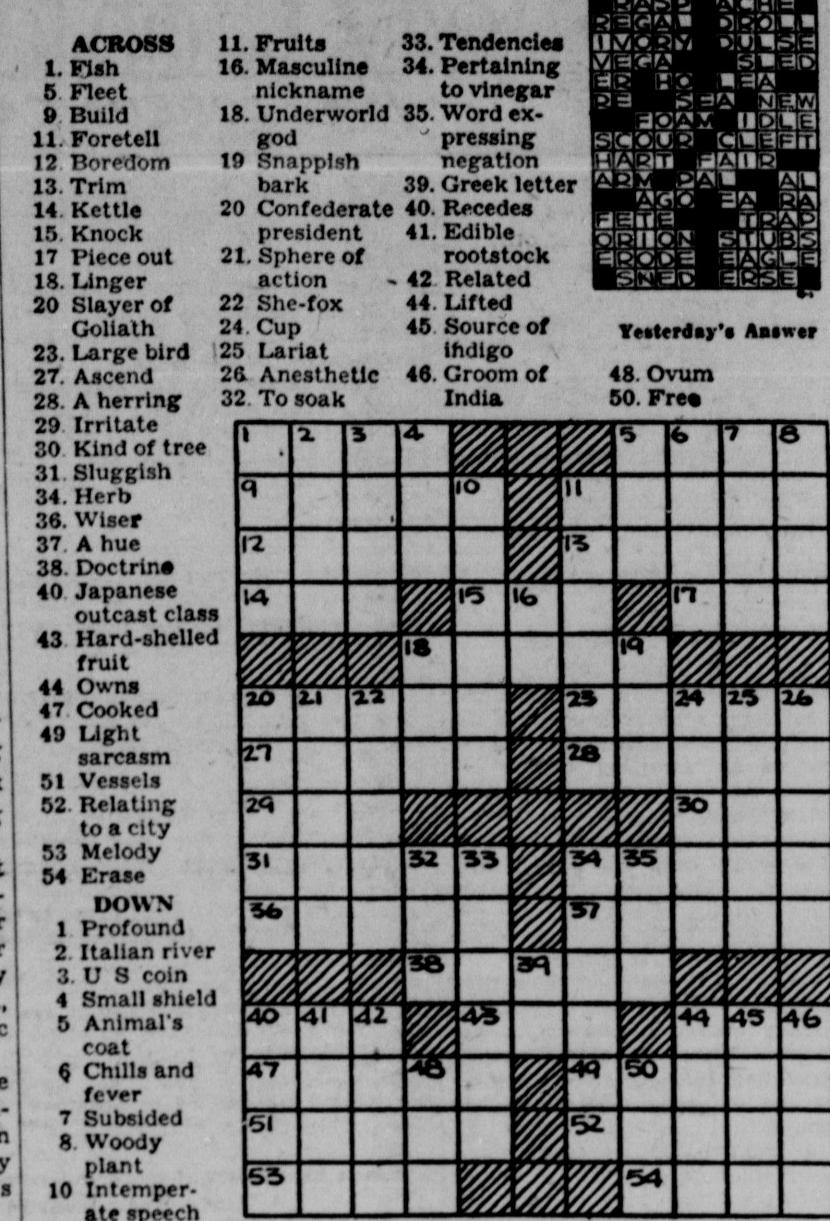

**LITTLE BROWN CANINE
PERFORMS RESCUE ACT**

Even dogs can be Good
Samaritans. This statement
was proved Thursday evening
when a little black canine
crossing the Ringgold Pike was
struck by an automobile, the
driver of which did not stop
after the wheels of his car injured
the animal.

The victim of the auto was
lying in the middle of the road
unable to crawl away when another dog, this one being brown
and about the same size as the
injured canine, came along.
The "rescuer" looked over the
situation and pulled the injured
dog to the side of the highway
away from traffic.

Persons who saw the incident
called Dog Warden Harry Riffle
who removed the injured canine.
It was believed that the dog
was hurt so seriously that it
would have to be destroyed.

THE DAILY HERALD—CIRCLEVILLE, OHIO

NAIL KEG RACE TO BE AUG. 22

Boys, Girls Urged To Get
Vehicle Construction
Under Way

Youngsters of Circleville and
Pickaway County were given no-
tice Friday to get started on con-
struction of their nail keg racers,
because of the annual Nail Keg
Derby, arranged by the WPA Rec-
reation department, will be con-
ducted August 22.

Marvin (Spike) Hill, handling
arrangements for the Derby, said
that the event will be staged on
the Pickaway Street hill.

"We are announcing the date
quite a distance ahead of time,"
Hill said, "so that boys and girls
who wish to enter can get their
vehicles built."

He said that from all indica-
tions many fast racers will be en-
tered in the competition. *

ANOTHER STRIKE CONFAB PLANNED AT TIMKEN CO.

COLUMBUS, August 1—CIO
representatives and Timken Roller
Bearing Company officials were
to meet again today in an effort
to settle a strike called in protest
over the dismissal of five women
union employees. A four-hour con-
ference yesterday brought no pro-
gress.

Meanwhile numerous skirmishes
developed around the Columbus
plant and one man was reported-
ly hit on the head in a fight. Four
persons were arrested in the vic-
inity last night.

Ward Wolcott, subregional di-
rector of the Steel Workers Orga-
nizing Committee, said company
officials asked that the strikers,
who walked out at 4 p. m. Wed-
nesday, return to work pending the
settlement of the dispute.

Wolcott said this offer was re-
fused after the company offered to
re-employ the five women, if they
made applications, on jobs which
it felt that they were qual-
ified to fill. He asserted, how-
ever, that "the company refused to
give them back pay."

The Timken Columbus plant
employs 2,600 persons and is en-
gaged in National Defense work.

General Manager William A.
Fowler, asserting the plant "is
open and operating 24 hours a day
in all departments," declared that
"all efforts to reach a satisfactory
agreement have failed."

Federal Conciliator Hugh D.
Fried, who attended yesterday's
conference, said "things stand
just where they were before we
started conferring."

**BRICKER SENDS
BID TO ENVOYS
OF REPUBLICS**

A personal invitation from Gov-
ernor John W. Bricker inviting
them to be his guests at the Ohio
State Fair, Monday August 25,
has been extended to ambassadors
of each of the 21 South American
Republics on duty at Washington,
D. C.

In the interest of promoting
greater solidarity between the
two Americas, Director of Agri-
culture John T. Brown has pro-
claimed Monday of the State Fair
to be Pan American and Good
Neighbor Day. Invitations have
also been sent to officials of the
Canadian government by Governor
Bricker.

Arrangements have been made
with station WLWO short-wave
radio station operated by WLW,
to broadcast a goodwill program
from the fairgrounds to each of the
21 South American republics
on which the ambassadors will
participate and will be given an
opportunity to talk directly to
their constituents at home.

OPEN LETTERS

TO MOTORISTS

DRIVERS: It isn't often that I ask officers of the law to make arrests. I would much rather have enforcement follow the line of proper education. But this is one violation that must be followed by arrest if the law is to do any good on Circleville's statute books. Autoists MUST NOT follow the fire truck in the same manner that has been prevailing during the last couple of years. One of these days lives will be lost because the city ordinance forbidding motorists from chasing after the engine is being ignored. And I mean ignored, because scores of autoists race along close behind the truck, they crowd their cars around the firefighting equipment, and they make it mighty difficult for firemen to properly perform their duties. This is not a matter for the fire department to settle, but it is one for police to break up. And it must be broken up. Sometime—maybe tomorrow—maybe 10 years from tomorrow—someone will meet a tragic death because parked automobiles interfered with the fire truck's progress, and then a hullabaloo will be sounded. But it will just be a case of the proverbial barn being closed after the horse had fled. Policemen have authority, under ordinance, to make arrests when drivers put their cars too near the fire truck, and I feel certain that their superiors will give them 100 percent cooperation if, and when, they start enforcing the statute.

CIRCUITEER.

TO ROTARIANS

SIRS: One of the outstanding events of your program last year was the farm tour you held during the summer. It showed that both you and the farmers were interested in what the other was doing. Such a tour is being planned by County Agent F. K. Blair for next Thursday. The trip is not long, but it will give you a better insight of what keeps the community running and give you a deeper appreciation of rural life and work. As many of you as possibly can should attend the tour.

CIRCUITEER.

TO NEW REGISTRANTS

YOUNG MEN: By this time you should have received your questionnaires from the draft board office. The questionnaires are not complicated, but it is important that you answer all the questions that pertain to you. It is also necessary that your questionnaire be notarized before it can be accepted by the draft board. The Advisory Board will meet in the Common Pleas court room of the Court House next Wednesday afternoon between

CIRCUITEER.

TO TAXPAYERS

ALL: The suggestion mentioned in this note was brought up the other day by a member of the city's law enforcement corps when the question of juvenile delinquency was voiced. He expressed opinion that Circleville should arrange with the board of education to use the abandoned Home and Hospital building in the south end for a juvenile detention home where boys and girls who run afoul of the law may be held for penalty. The officer said that delinquency has been growing by leaps and bounds, and that many minor crimes were being perpetrated by boys of teen age, several of them lads who had been put on probation after previous citations into court. He believed a juvenile detention home might be the answer to the problem. I'm passing his suggestion along to you for some thought. Maybe an effort should be made to establish such a home.

CIRCUITEER.

TO PUMPKIN SHOW DIRECTORS

GENTLEMEN: The Pumpkin Show is little over two months away, but still your premium lists have not been published. Following a meeting in June, you announced that you expected the premium books to be out early in July. An early start on Pumpkin Show planning would eliminate a lot of last minute rush which was the case last year, you maintained. This is August and still the premium books have not been completed. There is still time, of course, but if you want your community, especially the farmers, to be looking forward to this year's show, it might be wise to send them premium books as soon as possible.

CIRCUITEER.

TO EVERY ONE

FRIENDS: According to census estimates there are about 60,000,000 persons born in this country who are without documentary proof of citizenship. These native Americans, in many matters, are as out of luck as aliens. They find themselves ineligible for certain defense jobs, and their freedom of movement between this and other countries for travel or business is greatly restricted. The War, Navy and Commerce departments have recently united in a plea for a new, uniform type of "delayed birth certificates" which would clarify the status of these citizens.

The Conference was told that a large part of the American people were undernourished largely from lack of vitamins in their food. Dr. Thomas Parran, of the United States Public Health Service, said last year that 40 million Americans were suffering from hidden starvation because they did not obtain enough vitamins.

At this Conference the chairman, that eminent medical consultant, Paul V. McNutt, raised Dr. Parran's 5 million starving Americans and put the figure at 45 million.

Proportion of Vitamin Deficiency

Right after Dr. Parran's astonishing statement last fall, I took some pains to try to find out what the proportion of vitamin deficiency people was in the entire population. The figures, that 40 million Americans were suffering from starvation due to lack of vitamins, are certainly not the experience of anybody I know in the practice of medicine. That means one out of every three of our fellow citizens. In a dispensary clinic which gives over eighty thousand treatments a year to people economically low in the scale, and who therefore are not likely to get too much food, I see very little vitamin deficiency.

But in order to check the experi-

Looking Back in Pickaway County

FIVE YEARS AGO

Ned B. Griner was one of 75 selected by Ohio State University to enter the freshman medical class in the fall, the number chosen being 25 less than usual. More than 500 men and women sought places in the class.

Mr. and Mrs. Harry Hitchcock, East Main Street, received word from their son, Terry, that he was unburnt in the fatal accident aboard the U. S. S. Marblehead off the California coast.

With a temperature drop of 28 degrees during the night, the official thermometer showed a reading of 54 degrees.

Two persons were overcome with the terrific heat, when a 98 degree temperature was reported. W. M. Ricketts, 39, Columbus, was overcome as he left the Southern Ohio Electric Co., East Main Street, and George Heeter, while working at the Container Corporation.

Meeker Terwilliger, former Governor of the 22nd District Rotary, vividly told Rotarians of the interesting trip to the International convention held at Vienna, Austria.

"Oh, well," he said, "that's an exceptional case. A lot of papas ain't like you."

Mrs. Mattie Henkle and daughter, Martha, of Jackson, Tenn.

LAFF-A-DAY

"Please look pleasant, sir, and in a few moments you may resume your natural expression."

DIET AND HEALTH

Vitamin Deficiency Rare Among Americans

• In Washington last June a group of diet experts met to plan an efficient diet for the American people.

As a standard of a proper and protective diet, this First National Nutrition Conference recommended daily: "One pint of milk for an adult and more for a child; one egg or some suitable substitute such as navy beans;

Dr. Clendenin will answer questions of general interest only, and then only through his column.

two vegetables, one of which should be green or yellow; two fruits, one of which should be citrus—orange, lemon, grapefruit—or tomato (for Vitamin C); breads, flour or cereal, most or preferably all whole grain or enriched; some butter or oleomargarine with Vitamin A added; other foods to satisfy the appetite." I hope that last means meat at least once a week.

In a large general California hospital which receives only patients who can not pay, therefore would be assumed to eat a diet which would produce deficiency, there were 26 cases of vitamin deficiency diagnosed in over 6,000 admissions in the last three years. That represents wide geographical distribution and certainly does not indicate any wide-spread hidden starvation among the Americans.

In spite of all the pessimism expressed, the United States and Canada are probably the best fed large nations in the world. Certainly every effort should be made to keep them that way. They should be educated to eat the protective foods as outlined above and keep nutrition at a high level.

QUESTIONS AND ANSWERS

M. O.:—"What is a carbuncle? What are its symptoms and treatment?"

Answer: A carbuncle is a small, fleshy growth inflammatory in nature, not cancerous. They may occur on any mucous membrane surface—most often on the eye, or at the opening of the bladder. They are very painful and bleed easily. They can be readily removed by surgical excision or cauterization.

EDITOR'S NOTE: Dr. Clendenin has seven pamphlets which can be obtained free. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin and a self-addressed envelope to Dr. Loran Clendenin, in care of the American Dietetic Association, 1271 K Street, N.W., Washington, D.C. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "The Treatment of Diabetes," "Feminine Hygiene" and "The Care of the Hair and Skin."

SYNOPSIS

YELNA VARANOFF, young and pretty wife of Theodore Vincent, wealthy easterner, arrives in La Madera. She sends Rose, housekeeper for

VERNON STONE, the Vincent family lawyer, back east to keep her informed about him.

CARLYLE, Ylena's little daughter, who is in the custody of Vincent's mother, Ylena meets two young men in La Madera. One

TATE CROMWELL, is arrogant, self-confident of his way with women.

The other,

SCOTT HAMILTON, is a pleasant young dude rancher.

YESTERDAY: Vernon Stone, with the aid of a "mob," rescues Rose.

CHAPTER THIRTEEN

SAFE IN Vernon Stone's apartment, unable to speak, Rose sobbed over Ylena's brave allegiance and was put to bed beneath the expert eye of an awaiting doctor and nurse. After his examination the doctor assured Stone, "There's nothing the matter with her that time won't heal. She's just been starved, badgered, maltreated. She's a victim of nervous fear and worry. She's very anxious to see this Ylena, and I'd advise it."

Vernon Stone sighed with tired happiness. "And Ylena is fully as anxious to see her. Here is her number. If you will be good enough to call her, I'll get down to my office and finish with this wretched business."

In Vernon Stone's office there was re-enacted the cat-and-mouse tableau as had been on the fourth floor of the East River apartment. Clarkson's associates looked thoroughly upset; Clarkson, himself, was very quiet, dazed apparently by Theodore Vincent's desertion. A puppet with no one to pull the strings.

Vernon Stone sat at his desk between two protectors, and addressed the group. "My good friend Bon-Bon Scionti assures me that you men are 10-cent store racketeers and he doubts very much that you will make further trouble. In fact, he has promised to set to it that you don't. Because he vouches for your behavior, and because I am naturally a kind man, I am going to let you go. However, I am, as you know, accustomed to dealing in strict accordance with legal ethics." He gave them a glance of diamond-bright defiance. "And while I know I can trust my friend I prefer to have some sort of guarantee of your future actions. So if you will sign these confessions, please."

"Confessions?" one of the men squeaked. "Not me."

Stone cut in. "I want merely your admission that you were on those premises, the dates, the money you received from Clarkson. Then if anyone gets curious, come to me. I'll represent you and Clarkson will be asked what he was hiring you to do." Stone ended in a soft but penetrating voice. "I can promise you there will be no questions."

As each man, an enemy guardian at his elbow, scribbled a signature, the lawyer took a moment to look at Clarkson's putty-gray face. A cold sweat had broken out on his forehead, and over his timorous, colorless lips.

After an instant's glance over

the door, he hastened me."

"He hasn't Clarkson. You've betrayed HIM. I didn't find out about Rose through Vincent."

The terror that Clarkson previously had felt was as nothing now. His face actually changed shape and his shoulders sagged. A both tortured and frightened expression lay in his eyes. "But if Mr. Vincent didn't tell you—who did?"

Vernon said, "That is none of

SYNOPSIS

the confession papers, Stone said sharply: "All right. Take them away. Get out! Everyone except Clarkson."

That cringing figure met Stone's ruthlessly avenging look. "You can't do it," he quavered. "You can't make me the joker."

"I don't intend to. You'll sign the same sort of paper, only you'll incriminate Theodore Vincent instead of yourself."

"No," cried Clarkson in piteous fear. "I don't dare."

"You don't dare not to sign," Stone told him bluntly. "Not if you value your skin. You see, Clarkson, there are some things in which even a moneyed Vincent should not get entangled and one is kidnapping."

In a hoarse voice, Clarkson said,

"But you wouldn't accuse me of—"

"I choked, unable to bring himself to repeat that terrible word."

"Why not? I could, you know. Oh, I could make him pay dearly for every hour he has made Rose suffer." He shook his head puzzled. "His hatred for Ylena must be pretty far-fetched to make him put out spite on a poor old woman merely because she was sympathetic—the yes, I might decide to be an avenging angel, Clarkson, so you'd better sign this for your own protection. Otherwise you truly are the joker." He pushed the confession toward the trembling servant.

"Surely you wouldn't accuse him and hurt his mother?"

Vernon's answer was chilly voiced. "That angle means nothing to me." Clarkson would not know he was lying.

After a moment of gazing imploredly into Vernon Stone's face, the shaking Clarkson scrawled his name. Stone added the signed paper to the others in a small, safe-locked drawer of his desk.

"That fixes it," he said with satisfaction. "Each person involved is permanently at bay. Afraid to move, as the slang expression goes." He looked at his trembling victim through narrowed eyes. "Well, Clarkson, you've reached the end of your crooked road. For years you've been doing Theodore's dirty work, even during his college days. I suppose you've made quite a lot of money through it and I hope so, because, of course, you're going to need money. I know your real happiness has been in being your master's shadow. I've read of these slave complexes, but you're the first one I've ever seen. The first case of puppy dog tag-along worship, content to be mistreated, tormented if only the idol drops an occasional kind word, a smile of approval, a pat on the back."

The unhappy man managed a despairing lift of his head. "Yes, I have money, plenty of money, but that doesn't make up for Mr. Vincent's desertion. I simply can't bear to think that he has betrayed me."

"He hasn't Clarkson. You've betrayed HIM. I didn't find out about Rose through Vincent."

The terror that Clarkson previously had felt was as nothing now. His face actually changed shape and his shoulders sagged. A both tortured and frightened expression lay in his eyes. "But if Mr. Vincent didn't tell you—who did?"

Vernon said, "That is none of

and the unexpected brings annoyance. Born on this date, a child will be very fortunate financially, and gain the goodwill of employers. Genius in some literary capacity is foreseen, also sudden upheavals or changes.

Clark-Neff

Interesting to Pickaway County friends will be the announcement of the engagement and coming marriage of Miss Ruby Ann Neff, daughter of Mr. and Mrs. William Neff of near Mt. Sterling, to Mr. Ovid Eugene Clark, son of Mr. and Mrs. W. E. Clark of Cedar Hill. While the exact date of the wedding has not been revealed, it will be in the very near future.

Miss Neff is a 1941 graduate of Monroe Township High School. Mr. Clark, who was graduated in the 1941 class of Walnut Township High School, is employed as a mechanic at the Harden-Stevenson garage.

Miss Rittenour Honored

Miss Frances Alderson, county book truck librarian, was honored at a party Thursday by Mrs. Glenn I. Nickerson of South Court Street. Miss Alderson, who has made her home with Mrs. Nickerson while in Circleville, will leave soon for Charleston, W. Va., to become extension librarian of the Kanawha County Library of that city.

A salad course was served at a table centered with summer flowers.

The guests included Miss Rittenour, the Misses Betty Evans, Marjorie Boggs, Mary Gardner, Mariette Young and Esther Young of Kingston; Miss Ann Kyle of Greenfield; the Misses Patricia Jones, Janet Stamates and Dorothy White of Chillicothe.

Miss Kyle won the bridge favor for high score and Miss Evans, for low. Miss Rittenour received many useful pieces of fine linen at the shower.

Ohio-Florida Picnic

The annual picnic of the Ohio-Florida Association will be held Wednesday, August 13, at Rising Park, Lancaster. Rising Park is located in the north end of the city just east of the fair grounds with Mt. Pleasant plainly visible from the park.

The usual picnic dinner will be served at 12:30. All are asked to take well filled baskets and their own table service. A good program has been arranged for the afternoon. E. W. Linton of Columbus is president of the association. Mrs. Leota Bopes Murrell, Centerburg, is secretary.

Miss Marion Entertains

All members were present Thursday when Miss Virginia Marion of North Scioto Street entertained her two-table bridge club at her home.

A salad course was served at the close of the games of contract bridge in which prizes were won by Mrs. Franklin Kibler and Miss Marion.

Mrs. Kibler will entertain the club in two weeks.

AT CHAUTAUQUA

Mayor Theodore Brock of Narvik, one of history's most colorful characters, will appear at the WLW-Miami Valley Chautauqua on Sunday. In a program which will be broadcast beginning at 3

p. m. the heroic mayor, who was twice sentenced to death by the Nazis after having remained in Narvik throughout the bloody battle for possession of its port, is expected to tell of his bitter experiences with the Nazis, and of his eventual escape across Norway by foot.

A young lawyer of 36, Brock had served as Narvik's mayor for six years when the Nazis came.

Throughout the fierce battle which resulted between the Germans, British, and Norwegians, he stayed on in Narvik—that shell-torn and battle scarred town—although all others had deserted it.

Only when the Nazis finally marched unresisted through the streets did the mayor of Narvik leave.

ARMY MANEUVERS

Plans were announced today by WLW and Cadena Radio Inter Americana, Crosley's shortwave network, for extensive coverage of the greatest war maneuvers in history. The war games between the 1st, 2nd, and 3rd Armies of the United States will be held during the month of September over a 20,000 square mile area in Louisiana.

WLW will send a crew of five men, along with its newest and largest mobile unit, to work in cooperation with the radio publicity division of the war department.

Included in the crew will be Joseph Ries, coordinator of defense broadcasts; James Cassidy, director of special events; Jorge Mayoral, Spanish language announcer for WLWO; Dave Conlon, engineer, and Cecil Carmichael, assistant to James D. Shouse, vice president of the Crosley Corporation in charge of broadcasting.

CHURCH PROGRAM

The Rev. Douglas K. McCall of the First Christian Church of

Marion, Indiana, will be heard on the "Church by the Side of the Road" broadcast at 1 p. m. Sunday. The choir, conducted by William Stoess, will provide the program's music.

RADIO BRIEFS

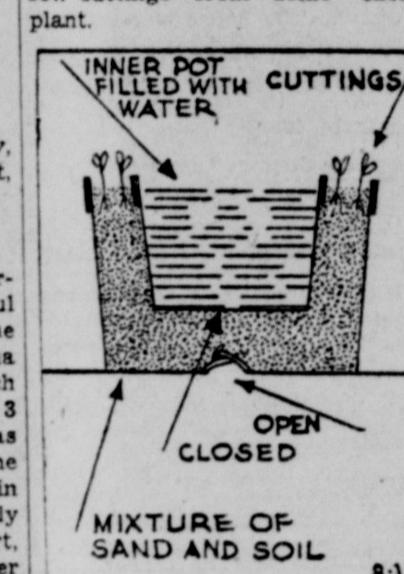

James Melton is out to break a record. The tenor star already holds three house records on Toronto and is due there for a concert appearance August 14.

Most colorful behind-the-scenes personality in radio is Ed Byron, director of "Mr. District Attorney." His remarks during a rehearsal are so pungent and witty that a magazine has instructed a staff writer to sit around and take them down for a series of stories.

John Reed King, emcee on "What's My Name?" takes his mistress-of-ceremonies, Arlene Francis, to the zoo every week. King has to do a broadcast from there and then the two go on to Radio City for a rehearsal of their quiz show. Arlene is angling for a lion cub as a pet.

Lyn Murray will compose the music for at least three of the remaining "26 by Corwin" broadcasts. He has written more original scores for this series than any other composer-conductor.

Here is a simple method for the amateur to use in propagating a few cuttings from some choice plant.

Double Pot Method of Propagation

As shown in this Garden-Graph, use two flower pots. Place gravel or broken crockery over the hole in the bottom of the larger pot, for this drainage hole must be kept open. Set the smaller pot into the larger one, first sealing up the drainage hole in the smaller pot. Then fill the space between the pots with a half-and-half mixture of sand and soil. Fill the smaller pots withwater and keep it filled. Plant the cuttings in the soil in the larger pot.

The water which slowly seeps through the porous smaller pot keeps the sand moist, and no other watering is necessary.

ARTISTS

Plans were announced today by WLW and Cadena Radio Inter Americana, Crosley's shortwave network, for extensive coverage of the greatest war maneuvers in history. The war games between the 1st, 2nd, and 3rd Armies of the United States will be held during the month of September over a 20,000 square mile area in Louisiana.

WLW will send a crew of five men, along with its newest and largest mobile unit, to work in cooperation with the radio publicity division of the war department.

Included in the crew will be Joseph Ries, coordinator of defense broadcasts; James Cassidy, director of special events; Jorge Mayoral, Spanish language announcer for WLWO; Dave Conlon, engineer, and Cecil Carmichael, assistant to James D. Shouse, vice president of the Crosley Corporation in charge of broadcasting.

July Livestock Receipts Show Increase Locally

Business During Last Month Fixed At \$120,000

July livestock receipts in Pickaway County set a new record for 1941, Harry Briggs, manager of the Pickaway Livestock Association, announced Friday.

Amount of turnover through the association during July approximated \$120,000, Manager Briggs said, and he predicted that volume of business during August would be as large or perhaps larger than July.

During last month, hog prices passed the \$12 mark and cattle receipts at from \$10 to \$12 were the highest they had been in recent years.

Number of head of livestock sold at the local yards was slightly under the number during July last year, but the amount of money was considerably larger, Manager Briggs said. Of the \$120,000, which passed through the association, about \$60,000 was for hogs and \$60,000 for cattle.

Most of the dry lot cattle in the county have been sold, but the few which remain will bring 10 and 12 cents during August, the livestock manager said. The number of grass fed cattle in the county is somewhat larger than the drylot and is expected to bring good prices through August and until the middle of September.

Finished Hogs Scarce

Scarcity of finished hogs in the county will keep top prices between 11 and 12 cents a pound during August. There are many young hogs in the county which should be placed on sale during the month.

Sheep receipts will continue steadily although the number of sheep handled through the local livestock markets is not large enough compared with the cattle and hog markets.

Calves will sell at from 10 to 13 cents a pound during August, with a sizable volume of spring calves expected to keep the market supplied.

Within the next month or two farmers and cattle feeders will begin to purchase western feeders. The number of western cattle purchased this year, however, probably will be less than last year, since prices of grain and feed are high.

OHIO STATE FAIR OFFICIALS SEEK ANTIQUATED CAR

An emergency search is being made for the oldest automobile built in Ohio, to be shown in connection with the Road Show section of the Ohio State Fair in Columbus, August 23-29.

Ohio is rich in the history of automobiles manufactured in this state at one time or another. Since 1899 there have been 161 different makes or brands of automobiles manufactured in Ohio and which have since gone into oblivion.

Should the search be successful in bringing to light other ancient automobiles, H. G. Sours, director of highways, may permit the staff working on the Road Show to establish a permanent museum at the State Fair Grounds where school children classes visiting the Capital City may study the history and obtain a comprehensive idea of the progress made in motor vehicle transportation in Ohio in the last decade or two.

Anyone caring to file a statement of their claims as to the oldest automobile and permit it to be displayed for the State Fair week in Columbus should write D. O. Taber, 811 State Office Building, Columbus, who has charge of the Road Show. Every method of establishing the claim should be stated. Owners probably will be entertained for a day at the State Fair.

HARRISON CREIGLOW, 82, DIES NEAR LAURELVILLE

Harrison Creiglow, 82, Laurelville district farmer, died Thursday at 7:30 p. m. Survivors include his widow and a daughter.

The funeral will be at the residence Saturday at 4 p. m., with Elder Gail Hanover officiating. Burial will be in Green Summit Cemetery, Adelphi, by the Defenbaugh Funeral Home.

ONE MINUTE PULPIT
A man that hath friends must show himself friendly; and there is a friend that sticketh closer than a brother. — Proverbs 18:24.

Richard Storts has arrived safely at Chanute Field, Rantoul, Ill., after spending a furlough with his parents, Mr. and Mrs. Worley Storts, Circleville RFD.

John D. Moore's Jerry M won another county fair feature race Thursday at the Greene County event in Xenia. The pacer was the top horse on the track, according to persons who attended the fair.

Shoe repairing doubles the life of your shoes. Let us rebuild them, we use long wearing soles from carefully selected leather. Timmons Shoe Repair, 112 N. Court St.

Mrs. Elizabeth Lumper, Berger Hospital superintendent, returned to work Friday after enjoying a vacation.

The annual Hebron homecoming and fish fry will be held at Hebron church near Grange Hall store, Wednesday, all day, August 6. Music by Rev. and Mrs. D. S. Mills and family. All are welcome.

Carroll and Beatrice Bass of 607 South Scioto Street underwent tonsil operations Friday in Berger Hospital.

Dr. P. C. Routzahn will be out of his office from August 1st to August 18.

Gerald Hanley, who underwent an operation early in the week in Grant Hospital, Columbus, is making a good recovery.

The members of Dutch Hollow Church, will serve a Fried Chicken supper, on Friday evening, August 8, at the church on U. S. 22, 3 miles west of Amanda. Price 50c. Home made ice cream, cake, extra. Start serving at 5 p. m.

Mrs. Odie Helvering of Ashville, formerly of Circleville, is slowly improving in St. Francis Hospital, Columbus, where she has been a patient for the last eight weeks. Mrs. Helvering suffered a fracture of the left leg at the hip, in a fall at her home.

Orange cake with orange cream filling 20c—cookies 15c doz. All varieties. Fritz Bakery, Phone 195. We deliver.

Mr. Helen Young, Circleville, filed petition for divorce from her husband, J. R. Young, Friday in Common Pleas Court. She charges neglect.

Water which is not too cold is the best cooling off agent a person can drink during hot weather. Dr. A. D. Blackburn, county health commissioner, said Friday.

RULING ON 28-YEAR-OLD MEN IS BEING DEBATED

A pending Selective Service amendment which would permit selectees who are already in the service and who are 28 years old or older to be released on request would affect from 20 to 30 Pickaway County men.

The amendment now is being discussed by a joint House-Senate committee in connection with the pending legislation which would grant deferment to all registrants over 28 years old. The local Selective Service board has sent stays of induction to approximately 35 registrants who are over 28 and at present is filling its quotas from men under that age limit.

Next Friday 18 men will be sent to the induction station in Columbus and on Tuesday, August 12, two more men will be called into service.

MAJOR A-B-C-D FRONT FORMED

Soviet communique also told of fierce fighting in the Smolensk sector.

In the fighting around Smolensk, the Soviet war communiqué said, German prisoners and war materials were captured.

"Our air force, cooperating with the troops, attacked mechanized units and infantry," the communiqué said.

"Fifteen German planes were shot down in combat on July 30, while we lost eight planes."

"A flight of Red air force dive bombers attacked two German petro ships in the Baltic. One ship sank and the other, heavily damaged, escaped under a smoke-screen."

"Nine Junkers-88 planes and three Messerschmitts were destroyed at an airfield deep in the rear lines of the enemy."

The newspaper Pravda, reviewing the war, said that German planes for a lightning capture of Moscow, Kiev and Leningrad have been frustrated and that entire crack Nazi divisions have been annihilated. The paper said vast quantities of German tanks, planes and technical material have been destroyed.

"The German soldiers' naive confidence in easy victory has been undermined by the apprehension of defeat sown in the hearts of the German people," Pravda added.

TIME FAVORS USSR

"Time has worked in favor of the USSR. The Soviet rebuff to the enemy is constantly growing in offensive strength and the striking power of German troops is greatly weakening on various sectors of the front."

"The enemy is now frequently compelled to shift from the offensive to the defensive."

Referring to severe counter-blows which it said the Red Army is dealing out, Pravda stated:

"These partial successes are only the beginning of a chain of mighty blows which the Fascist hordes will still have to experience."

At the end of the sixth week of conflict, Russian forces on the Eastern Front are fighting stubbornly to prevent the organization or launching of a third German drive into Soviet territory.

British military authorities studying the latest information from Moscow said today the Soviets are seeking to hold the Germans along the present battle lines until the Nazis are so harried that they will be forced to withdraw and consolidate.

According to this information, while the Germans have not advanced in the recent fighting, neither have the Russians.

The Soviet local counter-offensives were finally revealed as "harrying tactics" aimed at disorganizing Nazi preparations for a third punch.

May Be Weakest

Authorities in London expressed belief these tactics have proved so successful that the next German drive on the Central Front will prove the weakest that the Nazis would have attempted.

Meanwhile it was learned that enforcement of a complete Anglo-American economic blockade against Japan has been discussed by the United States and Britain should Japan send its armed forces into Thailand.

This revelation coincided with a Tokyo announcement that Japan has signed a new \$5,000,000 economic agreement with Thailand.

The British Air Ministry, meanwhile, announced that German bombers during the night dropped a few explosives on eastern and southwestern England, but caused no casualties or damage.

TOKYO, Aug. 1—An official Japanese spokesman declared to-day that the Tokyo government is "keenly interested" in possible collaboration among Great Britain, the Soviet Union and the Chinese Chungking regime headed by Generalissimo Chiang Kai-Shek.

He stated the government is considering whether the Russo-German war will necessitate al-

terations or amendments in the Japanese-Soviet commercial treaty, which is now awaiting ratification by the privy council.

This matter, the spokesman added, has not been discussed with Soviet authorities.

The government also is studying the question of sending ships to the United States in the future, the spokesman said.

In view of the possibility that their cargoes may be seized, he declared, dispatch of vessels to America may be halted. He said it would not be any use sending ships to the United States if they could not deliver their cargoes.

Americans, British in Iceland

FIRST photo to be received from Iceland since its occupation by American troops, this picture shows a British soldier of a Scottish regiment, left, and a United States marine drinking tea together at a Y.M.C.A. canteen a few hours after the first Americans landed.

WAR TODAY

(Continued from Page One)

the loss of what has been described ever since the rise of Soviet military power more than 15 years ago, as the "strongest fortified area in the world," and it would cripple many important war industries. Most important of all, it might open the way for a new variety of German tactics and a new sort of encirclement on a scale as yet undreamed.

NORTHERN ANCHOR

The importance of Leningrad in the Soviet military scheme lies in the fact that it is the northern anchor of the Stalin line of Russian defense against Germany. The ancient capital of the Czars is not only Russia's second city in size and industrial importance, but it is the Soviet's second defense area, its fortified zone including Finland's former Mannerheim Line and an equally strong line of defense across the strip of land between Lakes Ladoga and Onega.

As long as the Leningrad defenses hold out the Germans cannot get behind the Stalin line on the north, but must continue the plan of campaign they have pursued to date of "double-punch" advances of tank columns by which chunks of the Red forces are bitten out from the main body in pockets and destroyed. This has achieved considerable success, but it has been a slow process since the fortified zone of the Stalin Line has been reached, and it has the defect of all primarily frontal attacks, of allowing Russian forces to retreat in safety.

The \$15,000,000 Nippon Yusen Kaisha liner Tatuta Maru, docked at San Francisco after hovering off the Golden Gate for six days with 247 passengers and a \$2,500,000 silk cargo, was seized by the U. S. marshal on libel actions by importers of part of its cargo and in addition was being searched by customs men on a mysterious tip that \$1,000,000 in contraband United States currency had been smuggled aboard.

The chief executive told his press conference he would like to take a week off and get up the coast somewhere where the nights are cool.

He added that he would hold himself in instant readiness to return to Washington should unforeseen developments occur in the critical international situation.

It was believed the President would use the White House yacht Potomac for the cruise, embarking at some point up the seaboard.

At Seattle, the NYK motorship Hien Maru was held on libel actions totalling \$150,000.

The vessels had entered the ports on receiving assurances from the state and treasury departments that they would be allowed to discharge passengers and depart without unloading cargo. Until this assurance, Japanese shippers had feared complications under President Roosevelt's order freezing Japanese assets.

Yesterday, consignees and importers hastened to file libel actions in federal court, charging that the Japanese had violated their contracts by refusing to unload the cargoes.

Wires between the west coast and Washington were set humming, but state and treasury officials told the worried Japanese that their hands were tied—that the libel suits were in the jurisdiction of the Justice Department, which insisted on adhering to the orderly process of law.

In view of the possibility that their cargoes may be seized, he declared, dispatch of vessels to America may be halted. He said it would not be any use sending ships to the United States if they could not deliver their cargoes.

Installment Plan Tax Paying Under Way

SERIES OF NOTES
PLACED ON SALE
THROUGH NATION

Substantial Part Of Big Annual Bill May Be Accounted For

TWO BRACKETS PROVIDED

Interest May Be Earned By Citizens, Treasury Points Out

WASHINGTON, Aug. 1—Warned to expect even heavier tax burdens for defense, the U. S. public today began paying next year's taxes on the installment plan.

Two series of treasury notes went on sale at Federal Reserve banks to attract advance payment of 1942's "unprecedented tax bills."

"These notes," the treasury said, "are being offered for sale to taxpayers for their convenience in setting aside regularly the funds which will be required to meet the unprecedented taxes they will pay next year on this year's income." The treasury held out an "attractive" interest rate to encourage advance tax paying which will be credited as tax payment.

Treasury officials said they expected a "substantial" part of the new heavy tax bill to be paid off in advance, but would give no estimates. The new "tax anticipation" plan permits taxpayers to purchase notes during the entire year in which they receive income to redeem against taxes due the following year.

All notes, sold at par and accrued interest, may be redeemed at any time after three months after purchase but not before January, 1942 if they are presented in payment of taxes. If not, the treasury will redeem them for cash at the exact amount paid for them.

Two Series Issued

To enable persons in both large and small income brackets to participate, two series are issued. One series, of \$25, \$50, and \$100, bears a return of about 1.92 percent a year. The \$100, \$500, \$1,000, \$10,000 and \$100,000 series returns slightly less than one half of one percent. Both series mature August 1, 1943.

The treasury said that from now on, the notes will be made available on January 1.

"The interest earned on these notes," the treasury said, "is expected to be attractive to taxpayers generally. For this reason, many will doubtless purchase an amount of notes sufficient to meet the estimated tax liability for the next two years."

INSECT EXTERMINATOR, 40, KILLED BY ROACH GAS

MIDDLETOWN, Aug. 1—Walter L. Foster, 40, an insect exterminator, forgot to pull a tape to his gas mask when spraying the gas to kill cockroaches and died of poisoning. Ernest Patrick, 30, and two of three firemen who went into the gas-filled building to investigate were overcome.

ROBBER ESCAPES WITH \$130 LOOT FROM ORR HOME

Intruder Discovered When Visitor Sees Light Used By Thief

BASEMENT WINDOW USED

Scream Draws Attention Of Neighbor; McCrady Warns City Residents

A burglar, who ransacked the home of Mrs. Rebecca Orr, 147 Pinckney Street, escaped early Friday, with \$130 in cash by fleeing through a basement window after his presence was discovered by Mrs. George Connally of Chargin Falls, a visitor in the home of Mrs. Orr, her mother.

Mrs. Orr was robbed of \$30, her pocketbook hidden in a downstairs room being rifled, and Mrs. Connally lost \$100—five \$20 bills—taken in a billfold that is also missing. Mrs. Connally's money had been hidden in her bedroom.

Police Chief W. F. McCrady said Friday that the intruder had entered the home through the same basement window that he used to make his getaway. The window is at the front of the house.

The main floor of the home was ransacked and cabinets and dresser drawers were searched by the burglar, who carried a flashlight.

Mrs. Connally was awakened and screamed as she saw the shaft of light thrown by the flashlight, and the burglar fled. Tom O. Gilliland, who lives next door to the Orr home, heard the scream and telephoned for police.

By the time police arrived the burglar had made his getaway.

The robbery took place about 3 a.m.

The crime brought a warning from Chief McCrady that persons in residential sections of the city should keep their doors locked during the night. He said that since the police force is understaffed it is impossible for patrolmen to check the residential district at night, being forced to devote all their time to the business area.

Many stations announced that the plan would not result in large scale layoffs for night workers as these employees will be put on different jobs in the daytime.

The shutdown will go into effect in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New Jersey, Delaware, Maryland, North Carolina, South Carolina, Georgia, the Peninsula of Florida, the District of Columbia, and all marketing areas in or east of the Appalachian mountains in New York, Pennsylvania, Virginia, and West Virginia, "and such additional marketing areas in said states where any substantial part of the motor fuel supplies is either produced or shipped into such areas from any point east."

Ickes said the action was taken because the public had not complied with his request to reduce gasoline consumption 33½ percent on a voluntary basis.

"Closing public filling stations at night is the least action we can take on the Taft compromise, and other modifying proposals.

The substitute of Sen. Taft (R) Ohio, would increase the draft training period from 12 to 18 months, limit the size of the peacetime army to 2,000,000 men, and give a bonus of \$200 to each selectee, guardsmen and reservists who enlists in the regular army after a year's training.

Democratic senators who have not yet been completely won over to voting for retaining the selectees, guardsmen and reservists indefinitely in service during the emergency, are beginning to take serious note of Taft's plan. It already has the support of almost the entire Republican bloc, and Democratic non-interventionists.

Taft, meanwhile, is considering adding a new section to his amendment which would place a time limit on the period the selectees could be kept in service, regardless of the duration of the emergency.

Administration leaders are confident that in the end the Taft substitute bill will be defeated, but they admitted that they have more of a fight on their hands than first expected.

PRISONERS LOSE RIGHTS

LANCASTER, Aug. 1—Because he was convicted 20 prisoners in the Fairfield County jail had previous knowledge of an escape last week in which a deputy was slugged, Sheriff Dudley Crider deprived the prisoners of all their privileges, for an indefinite period. Privileges included visitors, tobacco and civilian clothing.

CONSTABLE KILLED

PORSCHEMUTH, Aug. 1—Samuel Marshall, 60-year-old Wheelersburg constable, died of injuries suffered when he was struck by an automobile.

Berlin Declares 10 Batteries Of Foe Silenced In Kiev Area Conflict

BERLIN, Aug. 1—The gigantic battle south of Smolensk has ended with complete annihilation of a trapped Soviet division, German authorities announced today. Ten thousand Soviet troops were killed and 35,000 taken prisoners it was said. "Inestimable" booty, including 245 field guns, were taken.

BY INTERNATIONAL NEWS SERVICE

Two vast and important fronts shared the spotlight today. One was the Russo-German war front where war raged on with unabated fury and conflicting claims. The other was the so-called A-B-C-D front where tension continued to center around Japan and the whole Far East.

The A-B-C-D front is a new phrase, coined last week by Dutch colonial officials in Batavia "down under" Japan. It stands for American-British-Chinese-Dutch, and today it shared the Washington spotlight with the great Russo-German conflict.

For in Washington today informed sources disclosed the United States, Britain, the Dutch East Indies and China have reached an agreement on action to be taken in the event Japan makes a move toward further aggression in the southern Pacific.

Details of the agreement were strictly secret. But it was understood to provide for a drastic strengthening of economic sanctions against Japan and for mutual use of military and naval bases in case any one of the western powers becomes involved in war with Nippon.

BUENOS AIRES—The Saporti news agency reported today that Peru and Ecuador officially terminated their border hostilities at 6 o'clock last night.

CAIRO—Air raid sirens sounded in Cairo, Alexandria and several Egyptian provinces during the morning. A few bombs reportedly were dropped in the Delta region.

THREE RAILROAD MEN VICTIMS OF CRASH IN EAST

WATSONTOWN, Pa., Aug. 1—Three Pennsylvania Railroad employees were killed early today and one injured when the crack Buffalo flyer struck the wreckage of a grade crossing accident and was derailed near Watsontown, Northumberland County.

Three cars were thrown from the track by the collision, officials said, but only one passenger was reported to have suffered minor injuries.

Killed when the engine rolled over was C. K. Schiebley, Williamsport road foreman of engines on the Williamsport Division. The names of the engineer and fireman who were fatally injured were not available.

Officials said the accident happened when the speeding train struck the wreckage of a truck transporting machinery that had been demolished in a collision with an eastbound freight train near Watsontown.

Tally on the five questions asked was:

1—Do you favor immediate active military and naval participation in the war? Yes, 250. No, 615.

2—Do you think the best interests of the United States will be served by avoiding conflict? Yes, 512. No, 315.

3—Do you favor seizure in the interests of United States defense of strategic bases owned by foreign powers? Yes, 589. No, 228.

4—Do you favor a federal law regulating commodity prices? Yes, 451. No, 380.

5—Do you favor a federal law compelling arbitration in labor disputes? Yes, 727. No, 122.

WEATHER WILL REMAIN FAIR IN LOCAL AREA

Fair weather will continue in Circleville and Pickaway County Friday and Saturday, according to the weatherman, with little variations in temperatures.

For the ninth consecutive day, the mercury Thursday climbed above 90 degrees, the official high being 92. Low Friday was 70.

Total rainfall for July was 2.02 inches, not enough to keep pastures and meadows green or to keep corn fields growing normally. Total rainfall for 1941 to date is 20.26 inches.

Included among the 380 passengers are 84 American consular and diplomatic officials; 116 consular clerks and non-career vice-consuls; 19 American ambulance drivers who survived the sinking of the Egyptian steamer Zamzam; and three or four Americans freed by Germany in a trade for four Germans arrested in the United States.

OFM Director William S. Knudsen, Maj. Gen. George Brett, chief of the U. S. Army Air Corps, and Sir Henry Self, head of the British Air Commission, were expected to be among the officials attending ceremonies tomorrow.

After the first two motors go on display full production was slated to begin in the new Packard plant,

Happy Now

DANISH-BORN Screen Actress Osa Massen, above, has filed for her final citizenship papers and will take the oath of allegiance to the United States on September 12. Osa commented to reporters that her citizenship will make her the happiest actress in Hollywood. She is the wife of Allan Herschel, son of Film Actor Jean Herschel.

WAR TODAY

Capture Of Leningrad Would Be Blow To Soviet Defenses

By Captain John H. Craige U. S. Marine Corps, Retired Dispatches from Berlin today quote Nazi claims that the German-Finnish steel trap surrounding Leningrad may be expected to snap shut at any moment. At the same time Moscow authorities announce fierce fighting on the Leningrad, Moscow and Kiev fronts, with the situation everywhere substantially unchanged.

This is a situation that the world has come to accept as normal in this mysterious war of claim and counter-claim, but this time there appear to be corroborative indications outside the propaganda announcements which tend to demonstrate that the Nazis really expect the isolation and surrender of Leningrad within a short period of time.

Advices received in confidential sources within the last 24 hours are to the effect that a section of the industrial staff which the German authorities have built up for the administration of conquered areas has been ordered to prepare to move. Leningrad seems the only large industrial area where these foundry and factory experts could be employed that can be considered in danger of falling into Nazi hands.

Another straw telling which the German general staff expects the wind to blow is the movement, apparently taking place, of Nazi supply vessels towards the eastern portion of the Gulf of Finland. They could be of no use there unless and until the great guns guarding Leningrad and its mighty naval fortress of Kronstadt fall into German hands.

The fall of Leningrad would be a very serious thing for the embattled Red army. It would mean (Continued on Page Eight)

PACKARD READY TO START WORK ON FAST MOTORS

DETROIT, Aug. 1—Packard Motor Company officials prepared today for ceremonies signaling start of production on 9,000 Rolls Royce motors destined for American planes and British Spitfires and Hurricanes.

OFM Director William S. Knudsen, Maj. Gen. George Brett, chief of the U. S. Army Air Corps, and Sir Henry Self, head of the British Air Commission, were expected to be among the officials attending ceremonies tomorrow.

After the first two motors go on display full production was slated to begin in the new Packard plant,

MORE 'BOOKIES' BEING SOUGHT BY GRAND JURY

36 Witnesses Summoned For Gambling Probe, But Many Are Missing

ARREST ORDER ISSUED

Municipal Court Clerk To Appear; Slot Machine Business Aired

COLUMBUS, August 1 — The Franklin County grand jury, investigating gambling conditions in Ohio's capital city, today planned to delve further into the race horse bookie "fraternity" providing any of 36 witnesses summoned to give evidence in this phase of the probe can be located.

The jury yesterday issued a preceipe for the 36 witnesses, 35 of whom, according to Prosecutor Ralph J. Bartlett, were listed as having been fined in municipal court as operators of race horse books.

Deputy sheriffs reported however that they "haven't been able to find many of the 36 as persons at the addresses say they never heard of them or never saw them."

The jury faced a similar situation Wednesday when it issued summons for men who had been fined in municipal court as operators of number houses. Sheriff Jacob E. Sandusky issued orders over the state for 17 witnesses to be "picked up."

Also issued a summons for today was Municipal Court Clerk Arthur J. Blosser. He was ordered to bring "every authorization and record of every kind and character received by you or your employees having to do with money received in advance to apply on bonds and payment of fines in gambling cases."

The jury yesterday heard witnesses devoted largely to slot machines. All who were summoned appeared and a man identified as a number house pickup man also came in, explaining he was out of the city when summoned last Tuesday.

Meanwhile, it was learned that the jury next week likely will call more managers of private clubs in the city in an effort to learn more about slot machine operations and then make attempts to get evidence on the operators of the larger gambling places in and near the city.

4-H CLUB GIRLS WILL GO AFTER ALUMINUM

The Washington Township Kitchen Queens 4-H Club will collect aluminum during the week of August 3, all homes in Washington Township to be visited by members of the club.

The girls of the club are hoping that residents of the township will respond by contributing some aluminum which will go into the government's National Defense program.

Senator Wheeler Fails To Uphold Freedom Of Press In Home State

BY DREW PEARSON AND ROBERT S. ALLEN

WASHINGTON, Aug. 1—It certainly is risky to oppose Senator Burt Wheeler on his isolationist-appeasement stand in Montana.

Although he never misses an opportunity to beat his breast noisily about freedom of speech and press, Wheeler wields a ruthless axe on critics in his home state. Several weeks ago Walter Winchell was barred from three Montana radio stations owned by Wheeler intimates. Latest to feel the scourge of Wheeler's ire is John Erickson, three times governor of the state and for a short term U. S. Senator.

Erickson presided at a Helena meeting addressed by Senator Claude Pepper, militant Florida anti-isolationist. A few days later, Governor Sam Ford, Republican closely allied with the Wheeler machine, fired

that anything else. These bombers easily can fly from Manila to Tokyo and back again.

3rd, we took the precaution of placing a strong submarine force in and around the Philippines. And submarines can disrupt Japanese troop ships, tankers, supply ships more than any other type of weapon.

4th, the fortification of various Pacific islands—Guam, Midway, Wake, and crucial bases in the Philippines—has been proceeding at a tremendous speed.

If the Russians can hold out until fall, the Japanese may really find themselves out on a limb. Of course, if the Russians cave in and Hitler's forces are unleashed for operations in the Atlantic, especially around Spain, Portugal and Dakar, it may be a different story.

CAPITAL CHAFF

Friends of "Pappy" O'Daniel, new Senator from Texas, say he is staying in Austin so his daughter may have the honor of being married in the Governor's Mansion. Enemies say he is staying there to escape the vote on extending the service of draftees in the army . . . The output of most judges is pretty dull reading, but U. S. Judge Richard J. Hopkins of Kansas has just written a thriller, the story of the famous Stroud murder case. It is an object lesson regarding paroles and pardons and the difficulty which a conscientious district attorney faces in keeping criminals in jail . . . Senator Wheeler and his America First friends went to interesting lengths to get the addresses of the million people to whom he sent postcards. Among other things they circulated the cancelled subscribers to the Woman's World . . . The Federal Communications Commission is turning down some of the best qualified foreign newspaper correspondents in America as monitors to detect foreign radios—because they lack civil service. Far more important is the fact that they understand foreign languages.

SHUTTLING THE NAVY

The thing which has worried U. S. admirals for some months is what they call "shutting"; that is taking part of the fleet from the Pacific to the Atlantic to meet danger in the East, then back to the Pacific to meet a new danger in the West. This, the Admirals feared, would merely keep the fleet on the high seas, using up fuel in a game as profitable as "fox and geese."

And this, obviously is what the Japanese (with their Nazi allies) are trying to trap us into doing.

However, although it remains a fact that part of the Pacific fleet

has gone into the Atlantic to help "patrol," nevertheless, the United States finds itself in a better position than the Admirals some months ago expected.

Here are the reasons:

1st, we have acquired some emergency naval bases in the Dutch East Indies, and it may be that one or two U. S. ships might drop in on these bases from time to time.

2nd, we have been concentrating long range bombers in the Philippines and the islands of the Pacific. The Japanese know this, and it worries them almost more

Bosses Ladies

N. & W. LISTS THREE CHANGES OF IMPORTANCE

The appointment of A. M. Eckstein, freight agent of the Norfolk and Western Railway at Kenova, W. Va., as freight agent at Portsmouth, succeeding H. C. Bugh, who was recently made freight agent at Columbus, was announced today by N. & W. officials. The change is effective August 1.

M. L. Hillman, agent-yardmaster at Pocahontas, Va., has been named to succeed Mr. Eckstein, while H. L. Bartholomew, cashier at Circleville, freight station, will take over Mr. Hillman's position at Kenova.

Mr. Eckstein started to work for the N. & W. as a clerk in the Columbus freight station in July 1906. He next served as clerk in the general superintendent's office on the western general division from February 1913 to April 1919. On April 14, 1919 he was promoted to chief clerk to the superintendent of the Pocahontas Division, and on May 16, 1929 was made agent at Kenova.

Mr. Hillman was first employed by the railway as a station clerk at St. Paul, Va., on May 1, 1910. In October 1937 he was promoted to agent-yardmaster at Pocahontas, which position he held until his present appointment.

Mr. Bartholomew entered the railway's service in July 1922 as a clerk in the freight station at Circleville. He was promoted to cashier in September 1939. He left Thursday to begin his new work.

LAURELVILLE SCHOOL MAN ACCEPTS COLUMBUS JOB

Elliott F. Reichelderfer of Laurelvile, superintendent of the Laurelvile-Perry schools for the last two years, has resigned to become a member of the faculty of a Columbus school.

Reichelderfer received his degree from Ohio University, Athens, and took graduate work at Ohio State University.

In the nine years that he had been connected with the Laurelvile-Perry Schools he served successively as eighth grade teacher, instructor in the high school and superintendent.

He had been active in many phases of community life. At the time of his resignation he was president of the Hocking County Teachers' Association, member of the Masonic Lodge, Chancellor-Commander of the K. of P. Lodge, chairman of the troop committee of the Boy Scouts and a member of the Hocking County Fair Board.

Mr. and Mrs. Reichelderfer will leave Friday for a two-weeks trip to Manitoulin Island, Ontario, Canada, and will return to Columbus when they return.

RECORD CROWDS TO ATTEND TWO CAMP SESSIONS

United Brethren To End
Service Sunday Eve
At Stoutsville

OFFICERS ARE NAMED

Homer Rodeheaver Appears
At Lancaster For Two
Sermons

Two campground associations, both of which are enjoying successful seasons, are anticipating record crowds during the week end with splendid programs being arranged.

The United Brethren meeting at Stoutsville will be concluded Sunday with addresses by Dr. Porter E. Wright of Lancaster, a former Circleville pastor, and Dr. Dewey Whitwell of Nashville, Tenn., camp evangelist. Special music is being planned also.

The Rev. L. S. Metzler of the Pickaway U. B. Charge said Friday that attendance has been splendid and that a capacity crowd is expected for Sunday's services.

Officers of the campground elected for next year include the Rev. Clayton Lutz of Westerville, president; the Rev. Charles Fox of Philo, vice-president; the Rev. Rolland Fisher of Portsmouth, secretary; O. E. Drum, Ashville, treasurer; the Rev. Mr. Metzler of Circleville and the Rev. Ted R. McGinnis of North Linden, members of the executive board, and Elmer Miller of Lancaster, new member of the board of trustees.

The meeting will be concluded Sunday night.

Sunday will be Homer Rodeheaver Day at the Methodist Church camp meeting at Lancaster, the famed evangelist, musician and composer to preach at afternoon and evening services. He will be accompanied this year by his sister, Ruth.

The day's services will start at 7:30 with Communion, preaching by the Rev. John McMahon of South Zanesville being scheduled at 10:30. Mr. Rodeheaver is scheduled to appear at 2 p. m. and 8 p. m.

Next week, the final one on the schedule, will feature Chautauqua programs, various prominent entertainers being booked to appear. The Women's Society for Christian Service will conduct its programs during the week.

The following Sunday will conclude the campmeeting with the Rev. B. R. Lakin, associate pastor at the Cadle Tabernacle, Indianapolis, as the principal speaker.

A. B. Viereck of Lancaster, a former Circleville man, has been reelected president of the Campground Association and H. W. Plum of Circleville is retained as secretary.

LITTLE BROWN CANINE PERFORMS RESCUE ACT

Even dogs can be Good Samaritans. This statement was proved Thursday evening when a little black canine crossing the Ringgold Pike was struck by an automobile, the driver of which did not stop after the wheels of his car injured the animal.

The victim of the auto was lying in the middle of the road unable to crawl away when another dog, this one being brown and about the same size as the injured canine, came along. The "rescuer" looked over the situation and pulled the injured dog to the side of the highway away from traffic.

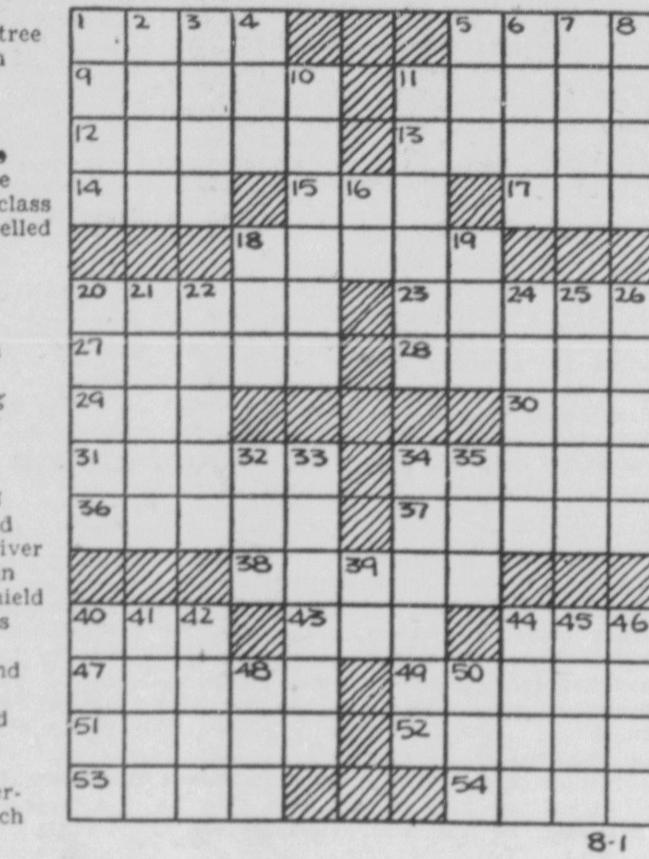

Persons who saw the incident called Dog Warden Harry Riffle who removed the injured canine. It was believed that the dog was hurt so seriously that it would have to be destroyed.

NAIL KEG RACE TO BE AUG. 22

Boys, Girls Urged To Get
Vehicle Construction
Under Way

Youngsters of Circleville and Pickaway County were given notice Friday to get started on construction of their nail keg racers, because of the annual Nail Keg Derby, arranged by the WPA Recreation department, will be conducted August 22.

Marvin (Spike) Hill, handling arrangements for the Derby, said that the event will be staged on the Pickaway Street hill.

"We are announcing the date quite a distance ahead of time," Hill said, "so that boys and girls who wish to enter can get their vehicles built."

He said that from all indications many fast racers will be entered in the competition.

ANOTHER STRIKE CONFAB PLANNED AT TIMKEN CO.

COLUMBUS, August 1—CIO representatives and Timken Roller Bearing Company officials were to meet again today in an effort to settle a strike called in protest over the dismissal of five women union employees. A four-hour conference yesterday brought no progress.

Meanwhile numerous skirmishes developed around the Columbus plant and one man was reportedly hit on the head in a fight. Four persons were arrested in the vicinity last night.

Ward Wolcott, subregional director of the Steel Workers Organizing Committee, said company officials asked that the strikers, who walked out at 4 p. m. Wednesday, return to work pending the settlement of the dispute.

Wolcott said this offer was refused after the company offered to re-employ the five women, if they made applications, on jobs which it felt that they were qualified to fill. He asserted, however, that "the company refused to give them back pay."

The fresh air picture show Thursday evening had its usual good attendance. The newly installed drinking fountain was liberally patronized and plenty of people went to the K. of P. donors.

Mrs. George Messick, at St. Anthony Hospital recovering from a major operation, hopes to be in her home here Saturday.

Ashtown

This Friday evening a meeting of much importance is to be held at the council house. The plans for the prospective swimming pool and bath house are to be explained and discussed.

The party came by train to Columbus and from there on down home by autos supplied by relatives and friends. Their auto, except the smashed top, came through in fair shape and is yet in a garage at Conneaut. Will be brought home later.

Miss Tosca, with her fractured collar bone, is getting along fine, as we were told by Mrs. Tosca this morning.

Ashtown

Mrs. Esther Kauffman and her two children, Marian and Doris Louise, in a few weeks, will be residents of Ashville again. They formerly resided in the Clyde and Mrs. Hoover dwelling, West Main Street, removing from there to Lancaster, her former home. Coming here, she and the children will occupy the first floor rooms of the Plum dwelling on Main Street. The second story six room, will be occupied by George and Mrs. Gardner and Roland and Mrs. Featheringham.

Charles Timmons, wife and little Miss Patti Ann have removed from the Cardwell dwelling, West Side, to Columbus, their former home. . . . Charles Neff and family have removed from the Wright dwelling, Main Street, to the Henry Gloyd property, corner Long and Station Street. And now in a few days, John Ancrum and family will remove from the "Stoltz property" to the Boyer dwelling across the street East of the U. B. church. . . . Dr. John Spindler in charge of the late Emma Wright dwellings, will do considerable repair work upon the

arrangements have been made with station WLWO short-wave radio station operated by WLW, to broadcast a goodwill program from the fairgrounds to each of the 21 South American republics on which the ambassadors will participate and will be given an opportunity to talk directly to their constituents at home.

Entered at Postoffice, at Circleville, Ohio, as Second Class Matter.

OPEN LETTERS

TO MOTORISTS

DRIVERS: It isn't often that I ask officers of the law to make arrests: I would much rather have enforcement follow the line of proper education. But this is one violation that must be followed by arrest if the law is to do any good on Circleville's statute books. Autoists MUST NOT follow the fire truck in the same manner that has been prevailing during the last couple of years. One of these days lives will be lost because the city ordinance forbidding motorists from chasing after the engine is being ignored. And I mean ignored, because scores of autoists race along close behind the truck, they crowd their cars around the firefighting equipment, and they make it mighty difficult for firemen to properly perform their duties. This is not a matter for the fire department to settle, but it is one for police to break up. And it must be broken up. Sometime—maybe tomorrow—maybe 10 years from tomorrow—someone will meet a tragic death because parked automobiles interfered with the fire truck's progress, and then a hullabaloo will be sounded. But it will just be a case of the proverbial barn being closed after the horse had fled. Policemen have authority, under ordinance, to make arrests when drivers put their cars too near the fire truck, and I feel certain that their superiors will give them 100 percent cooperation if, and when, they start enforcing the statute.

CIRCUITEER.

TO ROTARIANS

SIRES: One of the outstanding events of your program last year was the farm tour you held during the summer. It showed that both you and the farmers were interested in what the other was doing. Such a tour is being planned by County Agent F. K. Blair for next Thursday. The trip is not long, but it will give you a better insight of what keeps the community running and give you a deeper appreciation of rural life and work. As many of you as possible can should attend the tour.

CIRCUITEER.

TO NEW REGISTRANTS

YOUNG MEN: By this time you should have received your questionnaires from the draft board office. The questionnaires are not complicated, but it is important that you answer all the questions that pertain to you. It is also necessary that your questionnaire be notarized before it can be accepted by the draft board. The Advisory Board will meet in the Common Pleas court room of the Court House next Wednesday afternoon between

CIRCUITEER.

TO PUMPKIN SHOW DIRECTORS

GENTLEMEN: The Pumpkin Show is little over two months away, but still your premium lists have not been published. Following a meeting in June, you announced that you expected the premium books to be out early in July. An early start on Pumpkin Show planning would eliminate lot of last minute rush which was the case last year, you maintained. This is August and still the premium books have not been completed. There is still time, of course, but if you want your community, especially the farmers, to be looking forward to this year's show, it might be wise to send them premium books as soon as possible.

CIRCUITEER.

TO EVERY ONE

FRIENDS: According to census estimates there are about 60,000,000 persons born in this country who are without documentary proof of citizenship. These native Americans, in many matters, are as out of luck as aliens. They find themselves ineligible for certain defense jobs, and their freedom of movement between this and other countries for travel or business is greatly restricted. The War, Navy and Commerce departments have recently united in a plea for a new, uniform type of "delayed birth certificates" which would clarify the status of these citizens.

They suggest adoption of a plan developed by the Census Bureau by which certificates would be issued on the basis of such prescribed evidence as hospital records, family Bibles and insurance policies. These certificates would have the same force as those issued at birth by many states. Some citizens took care of this lack in their own records as soon as the need was revealed by the alien registration last year and by draft and defense work requirements. The process may be hastened and simplified now for many others if the government plan is quickly adopted. It might be good advice for everyone to check up to be certain that birth certificates are available.

CIRCUITEER.

WORLD AT A GLANCE

—By—
Charles P. Stewart

JOHN W. STUDEBAKER, federal education commissioner, in the overhauling he's giving to America's school textbooks, is after assorted inaccuracies. The investigation of the National Education Association has just started for the purpose of spotting subversive matter in particular.

The N. E. A.'s quiz may be hotter than Commissioner Studebaker's. Many of the mistakes he finds are likely to prove to be unintentional ones. The association's after deliberately disloyal literature.

When the commissioner discovers an error he can only point it out, because public education's under the various states' local control. Presumably they'll make corrections at his suggestions, but, as an official of the central government, he can't dictate.

For that matter, the N. E. A. can't dictate, either. Nevertheless, it's the country's strongest organization of its kind, with headquarters and a large staff in Washington. Its membership consists of actual teachers. When it puts its finger upon a sample of outright disloyalty, that specimen will find it exceedingly difficult to avoid. It was before Nazism amounted to

erasing itself. At its last convention in Boston the concern named a committee of 60 to handle the job. Besides public schools' teachings, this committee will dig into 'em in private ones and in colleges. It also will do more than merely read books. It will go on the trail of individual teachers and groups of 'em, who pump disloyalty into their pupils—such stuff as Communism, Nazism, Fascism, Falangism, Anarchism, et cetera.

Well, all right. It's highly commendable in the N. E. A. to undertake the task of stopping the education of kids into the idea that the ends sought by these miscellaneous philosophies are desirable.

WHY NOT EXPLAIN?

But it doesn't follow that the kids shouldn't be told what said philosophies ARE. The more fully THAT'S explained to 'em, the better they'll understand how and what to steer clear of. Keeping 'em in ignorance of what's bad doesn't seem to me the right way to go about it.

I once had a little daughter, now grown up, who attended a school in which one of her instructors

had a pronounced Socialist. It was before Nazism amounted to

exceptional case. A lot of papas ain't like you.

"Oh, well," he said, "that's an

exceptional case. A lot of papas ain't like you."

Meeker Terwilliger, former Governor of the 22nd District Rotary, vividly told Rotarians of the interesting trip to the International convention held at Vienna, Austria.

I told the above story to one of the guys, to be sure. He's been roasting totalitarian influences in education, so I related my own experience.

"Oh, well," he said, "that's an

exceptional case. A lot of papas ain't like you."

Legal Notice

Legal Notice

ORDINANCE NO. 3034
RELATING TO TRAFFIC IN CERTAIN CONGESTED AREAS IN THE CITY OF CIRCLEVILLE, PROVING THE PARKING OF VEHICLES IN CERTAIN AREAS OF THE CITY OF CIRCLEVILLE; PROVIDING FOR THE REGULATION OF INDIVIDUAL PARKING SPACES, FOR THE USE OF SUCH PARKING SPACES AND FOR THE USE OF MECHANICAL PARKING TIME INDICATORS IN CONJUNCTION THEREWITH.

Whereas, because of the width of the streets in certain sections of the City of Circleville, the free moving of traffic in the downtown business district is impeded; and

Whereas, previous in the aforesaid areas have not been as successful as is desirable because of the small number of traffic policemen available therefor and the size of the aforesaid area, and

Whereas because of the habit of numerous operators of motor vehicles of which they make advantage of the above mentioned situation by parking for unreasonably long periods of time in close proximity to other motor vehicles so parked on the most congested parts of the city's business street and further impedes traffic and in addition thereto is unfair to other motorists and constitutes a danger to the life and property of motorists and pedestrians; and

Whereas, in the opinion of this Council that the best way by which the above mentioned conditions may be remedied is by the designation of individual parking spaces in the said areas by means of signs for the use of mechanical parking time indicators in conjunction therewith, by restricting parking in said area to reasonable intervals of time and by compelling the operators of which to pay the use of parking space so designated by paying a portion of the cost of establishing and maintaining the same.

NOW, THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CIRCLEVILLE,

STATE OF OHIO,

SECTION 1. As used in this ordinance, the following words shall be construed as follows:

"Vehicles." Any device in, upon or by which any person or property is or may be transported upon a public highway, except such as are used exclusively on stationary rails or tracks and such devices as are propelled exclusively by human power.

"Parking." The standing of vehicles upon a public highway and vehicle which is occupied or not and whether such be accompanied or not by an operator for a period of time in excess of two minutes.

"Mechanical Parking Time Indicator." A device or devices which shall indicate thereon the length of time during which a vehicle may be parked in a particular place which shall have as part thereof a receptacle or chamber for receiving and storing coins of the United States money, a slot or place in which said coin may be deposited, a timing device which indicates the passage of the interval of time during which parking is permissible and which shall also display an appropriate signal when the aforesaid interval of time shall have elapsed.

brief instructions as to their operation.

"Individual Parking Space." A portion of the paved surface of the street sufficient in width, height and depth from the sidewalk curb to accommodate a vehicle to be parked, as shall be specified and marked off by the Director of Public Service.

SECTION 2. Congested Area.

For the purpose of this ordinance the "congested traffic area" is hereby declared to be on:

(a) Court Street from Pinckney and Watt Streets to the 1st alley south of Franklin Street;

(b) Main Street from Scioto Street to the 1st alley east of Court Street;

(c) Franklin Street from Court Street to the 1st alley east of Court Street.

and Council hereby determines that because of the flow of traffic on the streets in portions of the streets within such areas that parking therein shall be subject to the provisions of this ordinance.

SECTION 3. Designation of Individual Parking Spaces. The Director of Public Service is hereby authorized and directed to designate and mark off such individual parking spaces as he deems proper along the streets in the congested areas for the parking of vehicles. At each place where individual parking spaces are so marked off, each vehicle shall be parked entirely within an individual parking space.

SECTION 4. Parking Meters to be Installed. The Director of Public Service is hereby authorized and directed to place, install and remove parking meters on each side or in the immediate vicinity of individual parking spaces designed and marked off in the congested area where parking is restricted. All such parking meters shall comply with the conditions set forth in the third (3rd) paragraph of Section 1 of this ordinance and said meters shall be under the management, supervision and control of the Director of Public Service.

SECTION 5. Regulation of Parking in Individual Parking Spaces. Whenever a vehicle shall be parked in an individual parking space, where a parking meter has been installed, the person parking such vehicle shall deposit one cent coin or one cent coin in the United States money in said parking meter, if such meter displays the signal showing that legal parking is only permitted on such deposit. The Director of Public Service shall, in accordance with the provisions of this ordinance, determine the length of time that parking is permissible in an individual parking space for which a meter is installed upon the said parking space. Two cents, three cents, four cents, or five cents in the parking meter as hereinbefore provided. Notice to be given by appropriate signs setting forth the length of time for which parking is permitted and the conditions thereof. These may be upon the parking meter stand or in the immediate vicinity. Any vehicle which remains in an individual parking space after the prescribed time for parking, is hereby determined to be illegally parked, and in no event shall a car be considered as parked if the meter displays signal showing that a probe deposit has been made for such parking.

The provisions of this ordinance shall not apply to vehicles parked on standing up the streets of the City of Circleville in the congested area hereinbefore designated when such vehicles are parked or standing upon such street between the hours of 10 a.m. and 4 p.m. on Saturday until 8 a.m. in the following morning of each weekday except Saturday when the provisions of this ordinance shall not apply, between 10 a.m. and 4 p.m. on Sunday, Wednesday and 9 a.m. of the following Monday. The provisions of this ordinance shall not apply on Sunday and holidays.

SECTION 6. Evidence. All parking is prohibited in any parking space where a meter is installed which displays a signal showing that parking is not permitted, unless a deposit of one cent coin or coins and/or a live coin is made as a probe provided. Any vehicle parked in contravention of this ordinance shall be deemed to be an illegal parking under the provisions of this ordinance.

The fact that a vehicle is in an individual parking space when the time signal on the parking meter for the same shows no parking permitted, unless deposit of a proper amount is made as a probe provided, shall be deemed prima facie evidence of the unlawfully parking of such motor vehicle by its operator or owner.

SECTION 7. It shall be unlawful and a violation of the provisions of

this ordinance for any person to cause, allow, permit or suffer any vehicle registered in the name of, or otherwise owned by him, to be parked overtime or beyond the period of legal parking time established for any parking meter zone as herein described for any parking meter zone.

SECTION 8. It shall be unlawful and a violation of the provision of this ordinance for any person to permit a vehicle to remain on or be placed in any parking space adjacent to or in front of a parking meter displaying a sign indicating that the vehicle occupying such parking space has already been parked beyond the period of time prescribed for such parking meter.

SECTION 9. It shall be unlawful and a violation of the provisions of this ordinance to deposit or cause to be deposited in any parking meter, any slug, device or metallic substance, or any other substitute, for a 5¢ or 10 cent coin of the United States.

SECTION 10. It shall be the duty of the police officers of the City of Circleville, acting in accordance with instructions issued by the Safety Director:

(a) The number of each parking meter which indicates that the vehicle occupying the parking space adjacent to such parking is or was parked in violation of any of the provisions of this ordinance.

(b) The State license number of such vehicle;

(c) The time during which such vehicle is parking in violation of any of the provisions of this ordinance;

(d) Any other facts, a knowledge of which is necessary to a thorough understanding of the circumstances attending such violation.

Each such police officer shall also attach to such vehicle a notice of the amount of the fine imposed for violation of this ordinance.

SECTION 11. It shall be the duty of the police officers of the City of Circleville, acting in accordance with instructions issued by the Safety Director:

(a) To report to the Police Department from each parking meter and deliver the same with seals unbroken to the City Treasurer of the City of Circleville, Ohio.

The Treasurer of the City shall receive the same delivered and deposit that to the credit of the said City of Circleville.

SECTION 12. Any person who shall violate any of the provisions of this ordinance and any person who aids, abets or assists therein, shall, upon conviction thereof, be fined a sum of any amount not exceeding \$50.00 for each offense or violation.

SECTION 13. The Chief of the Police Department shall designate the coins deposited in parking meters. In collecting such coins, the person or persons so doing shall remove the seals from each parking meter and deliver the same with seals unbroken to the City Treasurer of the City of Circleville, Ohio.

The Treasurer of the City shall receive the same delivered and deposit that to the credit of the said City of Circleville.

SECTION 14. This ordinance shall be construed as supplement to the general traffic ordinance and all other ordinances of the City of Circleville regulating traffic, parking, and use of streets, which shall be in force and effect from the date hereof except insofar as modified by the provisions hereinbefore set forth.

Any authority heretofore or hereafter exercised by the City of Circleville under any ordinance regulating restricting or prohibiting parking independent of time limits, shall in no manner be affected by this ordinance or any of the provisions thereof, except the purpose of this ordinance is to assist in the regulation of overtime parking by the use of parking meters and it shall be so construed.

Nothing in this ordinance shall prohibit the City of Circleville from providing for free parking space for loading and unloading, for taxicab stands and for other matters of similar nature.

SECTION 15. All sections of this ordinance shall be deemed to be separate and independent and the invalidity of any section or provision hereof shall not affect the remaining sections.

SECTION 16. All ordinances or parts of ordinances in conflict with the provisions of this ordinance being the same are hereby repealed.

SECTION 17. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

PASSED BY COUNCIL July 15, 1941.

JOHN C. GOELLER,
President of Council.
FRED R. NICHOLAS,
Clerk of Council.
APPROVED BY COUNCIL July 16, 1941.

WILLIAM B. CADY,
Mayor of the City of Circleville, Ohio.
(July 25, Aug. 1, D
(July 26, Aug. 6, W)

PROBATE COURT,
PICKAWAY COUNTY, OHIO

Karl O. Drum and Defendants,
Paul D. Miller, Ad. No. 15031
Administrators of the Legal
Estate of Mary M. Notice
Kuhns, deceased.
By Plaintiffs, Publication

Anna B. Miller
Schnit, et al.
H. Miller Schnit, who resides at Peru, in Miami County, Indiana; Walter M. Miller, who resides at Peru, in Miami County, Indiana; Elizabeth Mabry, who resides at Indianapolis, in Marion County and Louise A. Miller, who resides at Peru, in Miami County, Indiana, will take notice that Karl O. Drum and Paul D. Miller, administrators of the estate of Mary M. Kuhns, deceased, on the 29th day of July, 1941, filed their petition in the Probate Court, within and for the County of Pickaway, and State of Ohio, alleging that the personal estate of said deceased is insufficient to pay her debts and expenses of administration of her estate; that she died seized in fee simple of the following described real estate situated in said County, being located in the West High Street, Circleville, Pickaway County, Ohio, and being more fully described as follows, to wit:

Being Lot Number Nineteen (19), according to the revised number of the lot map of the City and being the same premises conveyed to William E. Haswell by Kate S. Murray and William M. Muller, her husband by deed dated February 21, 1938, which deed is recorded in Book No. 73 page 541, of the Deed Records of Pickaway County, Ohio.

The prayer of said petition is for the payment of the debts and charges aforesaid.

The persons first above mentioned will further take notice that they have been named parties defendant to said petition and that they are required to answer the same on or before the 6th day of September, 1941.

KARL O. DRUM and PAUL D. MILLER,
Administrators, as aforesaid.

E. A. SMITH, Attorney.

ONE MINUTE PULPIT
A man that hath friends must show himself friendly; and there is a friend that sticketh closer than a brother. — Proverbs 18:24.

Richard Storts has arrived safely at Chanute Field, Rantoul, Ill., after spending a furlough with his parents, Mr. and Mrs. Worley Storts, Circleville RFD.

John D. Moore's Jerry M won another county fair feature race Thursday at the Greene County event in Xenia. The pacer was the top horse on the track, according to persons who attended the fair.

Shoe repairing doubles the life of your shoes. Let us rebuild them, we use long wearing soles from carefully selected leather. Timmons Shoe Repair, 112 N. Court St.

Mrs. Elizabeth Lumpe, Berger Hospital superintendent, returned to work Friday after enjoying a vacation.

The annual Hebron homecoming and fish fry will be held at Hebron church near Grange Hall store, Wednesday, all day, August 6. Music by Rev. and Mrs. D. S. Mills and family. All are welcome.

Carroll and Beatrice Bass of 607 South Scioto Street underwent tonsil operations Friday in Berger Hospital.

Dr. P. C. Routzahn will be out of his office from August 1st to August 18th.

Gerald Hanley, who underwent an operation early in the week in Grant Hospital, Columbus, is making a good recovery.

The members of Dutch Hollow Church, will serve a Fried Chicken supper, on Friday evening, August 8, at the church on U. S. 22, 3 miles west of Amanda. Price 50c. Home made ice cream, cake, extra. Start serving at 5 p. m. —ad.

NEWARK, N. J.—Ten members of the crew of the Italian freighter San Leonardo, including Captain Fortunato Digrigori, today awaited sentence after being convicted of sabotaging machinery of their ship while docked in an American port. Nine other crew members were freed.

ROME—Failure of British aerial attacks on Palermo, Sicily, was reported today in an Italian communiqué which claimed Italian raiders had inflicted damage on the British naval base at La Valetta, Malta.

100,000 STATIONS READY TO HALT NIGHT SALES

(Continued from Page One) take now and be realistic about our actual situation today," he said.

NEW YORK, Aug. 1.—The gasoline industry in general today indicated that it would cooperate with the request of Petroleum Coordinator Harold L. Ickes for the closing of all gas stations along the Atlantic Seaboard from 7 p. m. until 7 a. m. daily.

Agreement to cooperate in the blackout of gas pumps was based on the hope of bringing about a voluntary reduction in the consumption of gasoline to offset the threatened shortage of petroleum in the seaboard area.

Thousands of gasoline station attendants, however, faced loss of their jobs because of the shutdown.

Orange cake with orange cream filling 20c—cookies 15c doz. All varieties. Fritz Bakery, Phone 195. We deliver. —ad.

Mrs. Helen Young, Circleville, filed petition for divorce from her husband, J. R. Young, Friday in Common Pleas Court. She charges neglect.

Water which is not too cold is the best cooling off agent a person can drink during hot weather, Dr. A. D. Blackburn, county health commissioner, said Friday.

RULING ON 28-YEAR-OLD MEN IS BEING DEBATED

A pending Selective Service amendment which would permit selectees who are already in the service and who are 28 years old or older to be released on request would affect from 20 to 30 Pickaway County men.

The amendment now is being discussed by a joint House-Senate committee in connection with the pending legislation which would grant deferment to all registrants over 28 years old. The local Selective Service board has sent stays of induction to approximately 35 registrants who are over 28 and at present is filling its quotas from men under that age limit.

Next Friday 18 men will be sent to the induction station in Columbus and on Tuesday, August 12, two more men will be called into service.

BETTE DAVIS FINED

HOLLYWOOD, Aug. 1—Bette Davis, first lady of the movies, paid a \$5 traffic fine today. She received a citation for driving through a boulevard stop and she entered a plea of guilty through her attorney.

MAJOR A-B-C-D FRONT FORMED

(Continued from Page One) Soviet communiqué also told of fierce fighting in the Smolensk sector.

In the fighting around Smolensk, the Soviet war communiqué said, German prisoners and war materials were captured.

"Our air force, cooperating with the troops, attacked mechanized units and infantry," the communiqué said.

"Fifteen German planes were shot down in combat on July 30, while we lost eight planes."

"A flight of Red air force dive bombers attacked two German patrol ships in the Baltic. One ship sank and the other, heavily damaged, escaped under a smoke-screen."

"Nine Junkers-88 planes and three Messerschmitts were destroyed at an airfield deep in the rear lines of the enemy."

The newspaper Pravda, reviewing the war, said that German plans for a lightning capture of Moscow, Kiev and Leningrad have been frustrated and that entire crack Nazi divisions have been annihilated. The paper said vast quantities of German tanks, planes and technical material have been destroyed.

"The German soldiers' naive confidence in easy victory has been undermined by the apprehension of defeat sown in the hearts of the German people," Pravda added.

Time Favors USSR

"Time has worked in favor of the USSR. The Soviet rebuff to the enemy is constantly growing in offensive strength and the striking power of German troops is greatly weakening on various sectors of the front."

"The enemy is now frequently compelled to shift from the offensive to the defensive."

Referring to severe counter-blows which it said the Red army is dealing out, Pravda stated:

"These partial successes are only the beginning of a chain of mighty blows which the Fascist hordes will still have to experience."

At the end of the sixth week of conflict, Russian forces on the Eastern Front are fighting stubbornly to prevent the organization or launching of a third German anchor of the Stalin line of Russian defense against Germany. The ancient capital of the Czars is not only Russia's second city in size and industrial importance, but it is the Soviet's second defense area, its fortified zone including Finland's former Mannerheim Line and an equally strong line of defense across the strip of land between Lakes Ladoga and Onega.

As long as the Leningrad defenses hold out the Germans cannot get behind the Stalin line on the north, but must continue the plan of campaign they have pursued to date of "double-punch" advances of tank columns by which chunks of the Red forces are bitten out from the main body in pockets and destroyed. This has achieved considerable success, but it has been a slow process since the fortified zone of the Stalin Line has been reached, and it has the defect of all primarily frontal attacks, of allowing Russian forces not pocketed to retreat in safety.

According to this information, while the Germans have not advanced in the recent fighting, neither have the Russians.

The Soviet local counter-offensives were finally revealed as "harrying tactics" aimed at disorganizing Nazi preparations for a third punch.

May Be Weakest

Authorities in London expressed belief these tactics have proved so successful that the next German drive on the Central Front will prove the weakest that the Nazi forces have attempted.

Meanwhile it was learned that enforcement of a complete Anglo-American economic blockade against Japan has been discussed by the United States and Britain should Japan send its armed forces into Thailand.

This revelation coincided with a Tokyo announcement that Japan has signed a new \$5,000,000 economic agreement with Thailand.

The British Air Ministry, meanwhile, announced that German bombers during the night dropped a few explosives on eastern and southwestern England, but caused no casualties or damage.

Yesterdays' orations and importers hastened to file libel actions in federal court, charging that the Japanese had violated their contracts by refusing to unload the cargoes.

Wires between the west coast and Washington were set humming, but state and treasury officials told the worried Japanese that their hands were tied—that the libel suits were in the jurisdiction of the Justice Department, which insisted on adhering to the orderly process of law.

TOKYO, Aug. 1—An official Japanese spokesman declared today that the Tokyo government is "keenly interested" in possible collaboration among Great Britain, the Soviet Union and the Chinese Chungking regime headed by Generalissimo Chiang Kai-Shek.

He stated the government is considering whether the Russo-German war will necessitate al-

terations or amendments in the Japanese-Soviet commercial treaty, which is now awaiting ratification by the privy council.

This matter, the spokesman added, has not been discussed with Soviet authorities.

The government also is studying the question of sending ships to the United States in the future, the spokesman said.

In view of the possibility that their cargoes may be seized, he declared, dispatch of vessels to America may be halted. He said it would not be any use sending ships to the United States if they could not deliver their cargoes.

10 YEARS FOR JOHNSON

CAMDEN, N. J., Aug. 1—Enoch L. (Nucky) Johnson, Atlantic City GOP boss, for 33 years, was sentenced today to 10 years in jail and fined \$20,000 for evading income taxes on money derived from shore resort's numbers racket.

EFFORT OF REICH TO GRAB LATIN AMERICA SCORED

BUENOS AIRES, Aug. 1—Deputy Raul Damonte Taborda, head of the Argentine congressional committee investigating subversive activities, warned the nation today that the Nazis are engaged in a "widespread plot for the domination of Latin America."

He said the committee had ample proof of conspiracies which, had they succeeded, "would soon have Argentines shedding the blood of their own brothers."

Damonte declared many Argentine legislators who possess full knowledge of the facts already favor an immediate severance of diplomatic relations with Germany. But he added:

"I feel it would be premature to provoke an absolute crisis."

His warning followed the arrest of nine Argentine citizens in the provincial city of Paraná after they attempted to distribute pro-Nazi pamphlets at a democratic meeting. They were charged with creating a disturbance at a public meeting.

Last night Foreign Minister Ruiz Guinazu replied sharply to the German protest against seizure by the Doamonte committee of a powerful radio transmitter which the Nazis attempted to transport to Peru in the guise of "diplomatic mail."

The foreign minister declined to recognize Germany's right to ship the radio under diplomatic privilege and also criticized Germany for compromising Argentina's status as a neutral.

It was indicated the government probably will insist on destruction of the transmitter.

C. A. A. TO SPEND 80 MILLIONS ON 288 AIRPORTS

WASHINGTON, Aug. 1—The Civil Aeronautics Administration today approved a new airfield program calling for construction and improvement projects on 288 airports in the United States at a cost of \$80,810,110.

The CAA said the projects were approved as necessary to National Defense by a board consisting of the secretaries of w.r., navy and commerce. All projects are expected to be completed by the first of the year by WPA and contract labor.
